Egypt Appeals Suez Canal Fight To U.N.

British, French Action Seen As Threat To Peace Security Council Now Has 2 Demands To Act On Crisis

UNITED NATIONS, N.Y. (AP)—Egypt has come up with its own call for U.N. Security Council intervention in the Suez Canal dispute. The Egyptian request will be taken up by the council Wednesday along with an earlier British-French demand for action.

Cairo's move came late Monday, a day after Britain and France had asked the council to consider the situation created by Egypt's July 26 nationalization of the 103-mile waterway.

To Settle On Order

The 11-nation council's first task will be to decide whether to debate the complaints together or separately, and if separately, in what order. The council is not expected to get down to the issues in the canal dispute before next week.

Egyptian Delegate Omar Loutfi presented Egypt's request for council consideration in a letter to Emilio Nunez-Portuondo of Cuba, council president for September. It asked that the council consider "action against Egypt by some powers, particularly France and the United Kingdom, which constitute a danger to international peace and security and are serious violations of the charter of the United Nations."

Britain and France had asked that the council meet to consider the "situation created by the unilateral action of the Egyptian government in bringing to an end the system of international operation of the Suez Canal, which was confirmed and completed by the Suez Canal convention of 1888."

Guarantees Freedom

The convention guarantees freedom of the canal to all ships in peace and war.

A British Foreign Office spokesman said early this week that Britain wants the council to endorse the plan for a Suez Canal Users' Assn. put forward at an 18-nation meeting last week in London. Most of the 18 nations—representing more than 90 percent of the normal canal traffic—are expected to join the association at an organizing meeting set for Oct. 1 in London.

Egypt already has rejected an earlier proposal from the 18 nations for international control of the Suez, but there so far has been no official Egyptian reaction to the idea for a users' agency.

Eisenhower To Speak In Cleveland Monday

CLEVELAND (AP)—Ohio Republicans today hurried to arrange a reception for President Eisenhower, who announced he will visit Cleveland next Monday.

Highlights of the President's visit will be a speech in Cleveland's Public Square at 12:30 p.m., daylight time, and a motorcade from the square to Cleveland Hopkins Airport.

Republican Sen. George H. Bender, campaigning for re-election against Democratic Gov. Frank J. Lausche, predicted the crowd for the Public Square speech "will be the largest in the city's history if we get a break in the weather."

"We're planning on putting on a real demonstration," Bender said. "Delegations will be coming in from Youngstown, Akron, Canton, Toledo and other parts of the state."

Salem May Have 15,000 Residents By 1975

Birth Rate Is Major Factor In City's Boost In Population

Salem is growing — at the rate of almost 19 persons a month.

But apparently its growth is not caused as much by immigration as by an increasing birth rate.

Since the 1950 census, the city population has increased 9.57 percent; from 12,754 to 13,974 as of April 1, according to census estimates prepared by the Ohio Department of Liquor Control.

City Board of Health statistics show that an average of one child has been born to city parents every day this year, a total of 242 during the first eight months.

In comparison, resident deaths have totaled only 87 during the first eight months, or about one death every three days.

Thus far this year, the birth rate in Salem has been rather lean, compared with previous highs. The record year was 1953 when a total of 494 resident births were recorded.

Hospital maternity wards are kept busy with an average total of about 1,600 resident and non-resident births each year. The record year was also 1953 when 1,647 babies were born in the city.

The death rate is above average thus far this year, compared with previous years. Although figures are not available on resident and non-resident deaths in past years, resident deaths usually average about 40 percent of the total figure. Last year, 301 persons died in the city, while the record year was 1950 when 338 died.

If the population continues to increase at its present pace, the city will have 15,000 residents by 1975, it has been predicted by the Michael Baker Jr. engineers of Rochester, Pa., who prepared the city's

Nixon Says Adlai Seeks To Divide

SALT LAKE CITY (AP)—Hoarse-voiced Richard M. Nixon takes his campaign into the Democratic Southwest today with a parting blast at Adlai Stevenson.

He let fly at Stevenson, Democratic presidential nominee, in friendly Salt Lake City Monday night, where he spoke to a capacity indoor crowd.

It has become apparent, he said, that all Stevenson has to "offer to the American people is a carbon copy of the same type of political demagoguery which characterized the Truman Fair Deal."

He accused the Democratic standard-bearer of carrying on "what now appears to be a calculated campaign to divide Americans on a class basis and to set one group in the population against another."

The Eisenhower administration, he said, has applied "only one yardstick to every problem: 'What policy is in the best interests of a majority of the 167 million people in the country?'"

"Our deeds have matched our words," he added.

Ike To Blueprint Farm Program In Address Tonight

Details Of Plan Still Secret; Benson Denies Charge Of Depression

WASHINGTON (AP)—President Eisenhower asks American farmers tonight to go along on what he says may be a long pull toward a goal of higher stable prices for what they produce.

Eisenhower takes off today for Peoria, Ill., where he will deliver at the Bradley University field house a half-hour farm speech.

It will be carried by CBS radio and television networks at 9:30 p.m., EDT.

He will fly back to Washington shortly after the talk.

To Speak In Ohio

Eisenhower decided to add an Ohio speaking date to his campaign schedule, a midday speaking appearance in Cleveland Monday before he travels on to Lexington, Ky., for his third nationally broadcast address that night.

Thus, within the span of a week, he will visit three states where the Democrats are working hard to repeat their victories of 1948. Eisenhower carried Illinois and Ohio by substantial margins in 1952. He lost Kentucky by only 700 votes.

On today's second invasion of the Midwestern Farm Belt, Eisenhower has promised to blueprint an agricultural program aimed at what he calls "the special problems of the farmers and the special treatment they should receive."

Still A Guarded Secret

Whether this "special treatment" will entail any increase in federal payments to farmers or any major revisions of the administration's agricultural program remained a guarded secret.

Adlai E. Stevenson, his Democratic opponent, said Monday he thinks Eisenhower "owes it to all Americans to say in good faith" what the Republicans have done "to fulfill their commitments they made four years ago."

Secretary of Agriculture Benson told a news conference he expects there will be some new things in the Peoria speech, but that in the main Eisenhower "will develop the program of the administration... the program we are putting into operation."

Denies Farm Depression

Benson disputed Stevenson's contention last weekend that there is a "farm depression." While conceding farm prices are too low,

Bond Ordinances At Lisbon Approved

LISBON — Village Council last evening passed two ordinances to sell bonds for two different projects.

One ordinance authorized the issuance of bonds totaling \$19,720 which Council will sell after they are advertised for three weeks and they expect to open bids at 12 noon Oct. 22 for financing the sewage lines in the North Park Place allotment which includes Garfield St., North St., Pendleton St. and Summit St.

The other ordinance is for \$6,400 in bonds for the municipal swimming pool, the bonds to be retired at \$800 a year. Bids on this bond issue also will be opened on Oct. 22. Council will meet that night.

Council voted to return to Eastern Standard time next Sunday at 2 a.m.

Council authorized the mayor to purchase salt for village streets.

The next meeting will be Oct. 8.

Clifford Lowry Named 'Courteous Driver'

Clifford Lowry of 931 Summit St. was cited as the "courteous driver of the day" Monday by police who are cooperating in the annual "courtesy driver" program sponsored by the Business & Professional Women's Club.

One "courteous driver" will be selected by police each day this week through Friday.

Police said Lowry, traveling north on S. Broadway at 3:45 p.m. yesterday, halted his car to allow two women to cross the street. The women had stepped out from between two parked autos and were motioned across by Lowry, police said.

Turn To LOWRY, Page 8

Community Chest Agency USO 'Home Away From Home' For Members Of Armed Forces

The USO is one of 11 "Red Feather" agencies supported by local people who contribute to the Salem Community Chest. USO is a federation of voluntary agencies through which the people of this nation assist in serving the needs of men and women in the Armed Forces. The Salem campaign is set for Oct. 2-16.

The program of the USO is kept flexible in order to satisfy the wants of young people in uniform everywhere, who recognized the USO as their "home away from home."

Because of the religious affiliations of five of its member agencies, the USO is equipped to offer a comprehensive program to Protestants, Catholics and Jews alike. Designed basically for enlisted personnel, the USO serves all men and women in the Armed Forces and their dependents.

The military population determines the number of USO facilities. In recent years there have been 225 including 20 overseas. Camp Shows, Inc. provides "live" entertainment for service personnel at overseas military bases.

The USO is scheduled to receive \$1,000 in Community Chest funds this year, down \$500 from last year's figure.

Hurricane Subsides After Killing Nine

FLOSSY ARRIVES — The entry of Hurricane Flossy into Louisiana was marked by high tides and high winds. In photo high waves churned up by the storm whip over the seawall at Lake Ponchartrain. After striking a glancing blow at New Orleans, Flossy roared off in the direction of the Alabama coast with regenerated winds of up to 100 miles an hour.

Hays Says Party Can Win Election

200 Attend Democratic Meeting In Lisbon

Two hundred members and guests of the Columbiana County Democratic Central and Executive Committee Monday night heard Congressman Wayne L. Hays state that the Democratic party has "excellent" chances of winning the November election if party members "get out the vote."

Congressman Hays was the principal speaker at the meeting held in St. George's Parish House at Lisbon. Hays, introduced by Don R. Gosney, Columbiana County Democratic chairman, reviewed his recent speaking tour of 10 western states. He said Democratic party turnout in those states was "good."

John Taylor of Salem, candidate for lieutenant governor, and Dr. William L. Kolozsi of Salem, county coroner candidate, also were speakers. Other candidates speaking included Robert S. Hartford of East Palestine, county prosecutor; Edward L. Nelson of East Liverpool, county clerk; Albert E. Kittridge of East Liverpool, sheriff; and Vincent C. Judge of Lisbon, county treasurer.

Hays and Taylor will be among the guests at a luncheon Saturday noon at Heck's Restaurant in Columbus.

Court's Segregation Ruling Right, Stevenson Tells South

LITTLE ROCK, Ark. (AP)—Adlai E. Stevenson carried his presidential campaign into the South today, and at his first stop, reaffirmed his belief the Supreme Court was "right" in ruling against segregation in the nation's public schools.

But the Democratic nominee also said he stands squarely on the party platform statement that "we reject all proposals for the use of force to interfere with the orderly determination of these matters by the courts."

In an address prepared for delivery in MacArthur Park, Stevenson thus expressed in substance the same views he set forth last month a few days before he won his party's presidential nomination. He said today:

"The Supreme Court of the United States has determined unanimously that the Constitution does not permit segregation in the schools. As you know, I have made my position clear on this from the start, I believe that decision to be right."

"Some of you feel strongly to the contrary."

"But what is most important is that we agree that, once the Supreme Court has decided this constitutional question we accept that decision as law-abiding citizens."

"Our common goal is the orderly accomplishment of the result decreed by the court. I said long ago, and I stand now squarely on the plain statement, adopted in the Democratic platform, 'that we reject all proposals for the use of force to interfere with the orderly determination of these matters by the courts.'"

Stevenson set forth his position anew against the background of violence which has occurred in some sections of the South, where efforts have been made to integrate white and Negro school children.

The Democratic candidate noted that the Supreme Court's ruling "provides for the ways and means of putting into effect the principle it sets forth." And he expressed confidence "that his decision will be carried out in the manner prescribed by the courts."

Stevenson jabbed at President Eisenhower in declaring that he (Stevenson) has "repeatedly expressed the belief that the office of the presidency should be used

Three Drivers Cited After Road Mishaps

Three drivers were arrested as the aftermath of three area road mishaps investigated by state highway patrolmen Monday and this morning.

A car driven by John Jenkins, 56, of East Palestine, was practically demolished when it was struck by a truck-trailer operated by Norman Elliott, 29, of Mansfield at 1:10 a.m. today on Rt. 14, one and one-half miles west of Unity.

Patrolmen said Jenkins drove his car out of a private driveway into the path of the eastbound truck. Considerable damage was caused to the truck.

Jenkins was cited for drunk driving.

A car driven by James Cannon, 21, of RD 2, East Liverpool struck the rear of an auto operated by Ersel McCartney, 23, of RD 2, East Liverpool Monday at 1:45 p.m. on St. Clair Ave. Ext., a mile north of East Liverpool.

Some damage was caused to each vehicle. Cannon was cited for failure to stop in the assured clear distance ahead.

Rose Ellis, 63, of Canton lost control of her car on Rt. 30, five miles east of Hanoverton, Monday at 11 a.m., causing the auto to leave the road and overturn. The driver was cited for reckless operation.

Voter Registration Not Required Here

Salem voters do not have to register to be able to vote in the Nov. 6 presidential election.

The only city in Columbiana County where registration is required is East Liverpool.

A new Salem resident is qualified to vote after he or she has resided in Ohio one year and in Columbiana County or the local precinct 40 days prior to election day.

If you move to a new precinct just before election time, you should cast your ballot in your former precinct or polling place.

Trees, Power Lines Down In Southern U. S.

Flossy Does Most Damage In Gulf To Oil Equipment, Ships

By The Associated Press

Hurricane Flossy subsided into a vast drought-breaking rainstorm as it moved slowly over South Georgia today after causing nine deaths and some property damage in its journey across the Gulf of Mexico and the northwest Florida coast.

At 8 a.m. the once dangerous storm was reported centered just west of Albany, in southwest Georgia, with its top winds a 50 miles, short of full gale force and only half of the velocity reached before it moved inland.

It continued heading between northeast and east northeast at about 10 m.p.h.

In its overland path from Fort Walton Beach, Fla., to Dothan, Ala., to Albany, the storm apparently did nothing worse than the property damage line than to down some trees and power lines.

On the other hand, its accompanying rainfall was breaking the back of drought conditions across southern Alabama and Georgia and northern Florida so that, on balance, Flossy was probably more of a blessing than a disaster in those areas.

Motor Vessel Located

The potential casualty list of the storm took a sharp drop early today when the Coast Guard reported the motor vessel Carport located near Grand Isle in the Gulf of Mexico. Missing since Sunday, she was disabled but the 15 aboard her were safe.

Flossy packed winds up to 100 miles an hour into the Florida

Mrs. Joseph Stratton Succumbs At 83

Mrs. Anna M. B. Stratton, 83, formerly of 696 E. 8th St., died of a cerebral hemorrhage at 11:30 a.m. Monday at the Walton Home at Barnesville. A former city council member, she had been ill two days.

Born at Colerain, O., Sept. 22, 1873, she was the daughter of Edmund and Deborah Bundy. She married Joseph R. Stratton Sept. 22, 1896. He died in 1951.

A resident here 56 years, coming from Colerain, she was a member of the Wilbur Friends Meeting. Survivors include two daughters, Mrs. Eleanor Dew of Wilmington, Del., and Mrs. Deborah Patterson of North Canton; two sons, Dr. Paul E. Stratton of North Canton and Russell Stratton of Salem; 10 grandchildren; a sister, Mrs. Josephine Warrington of Damascus; and a brother, Lyman E. Bundy of Westerville.

Services will be held at 2 p.m. Thursday at the Wilbur Friends Meeting House on 6th St. Burial will be in the Damascus Friends Cemetery.

Friends may call at the Arbaugh-Pierce Funeral Home Wednesday evening.

USNG Is Now Our Strongest Military Reserve

By DOUGLAS LARSEN

WASHINGTON — (NEA) — The 10th anniversary of the rebirth of the National Guard finds it the strongest, readiest reserve military force in the U.S. today.

In fact, it's the largest National Guard the country has had in all of its history.

There are more than 407,759 Guardsmen in more than 5,300 units in 2,400 communities in the states and territories. Guard equipment includes 718,000 weapons, 40,000 wheeled vehicles and 5,000 tracked vehicles.

These impressive statistics add up to a fighting force of 21 infantry divisions, six armored divisions, 12 anti-aircraft artillery brigades, five corps artillery headquarters, 13 regimental combat

teams, nine armored cavalry regiments, and more than 1,800 company-size combat and support units.

IN ADDITION the Air National Guard boasts a membership of 56,134 airmen, 7,139 officers — 3,364 pilots — formed in 633 units. These winged Guardsmen operate from 89 air bases spotted strategically around the U.S. and territories.

At the end of the summer of 1946 the reorganization of an Army National Guard headquarters, the attachment in Baltimore, Md., was the first step of the difficult chore of rebuilding America's vital Guard from absolute scratch.

At the same time the first Air National Guard unit in history, the 120th Fighter Squadron in Denver,

Colo., was undergoing its birth pains. During World War II, 100 per cent of the country's Guard, 300,000 men strong, went on active duty. By the end of the war these men had completed their Guard hitch, which meant that a National Guard did not exist.

HOWEVER, in the Guard's favor was the existence of more young combat-experienced men than at any time in the nation's history. Thousands of these vets, many former Guard officers, and state officials realized the need to reorganize as quickly as possible. They had many new ideas for the Guard based on World War II lessons and the energy and ambition to put them into practice.

This was fortunate because during the next four years while every other regular fighting force of the U.S. was being slashed in strength the Guard was building up to an excellently-equipped 400,000-man force.

Thus, when the Korean war found America's regular forces cut to ribbons by economies, the National Guard was able to supply a larger portion of men and materials to the fighting than had ever before been the case in a war.

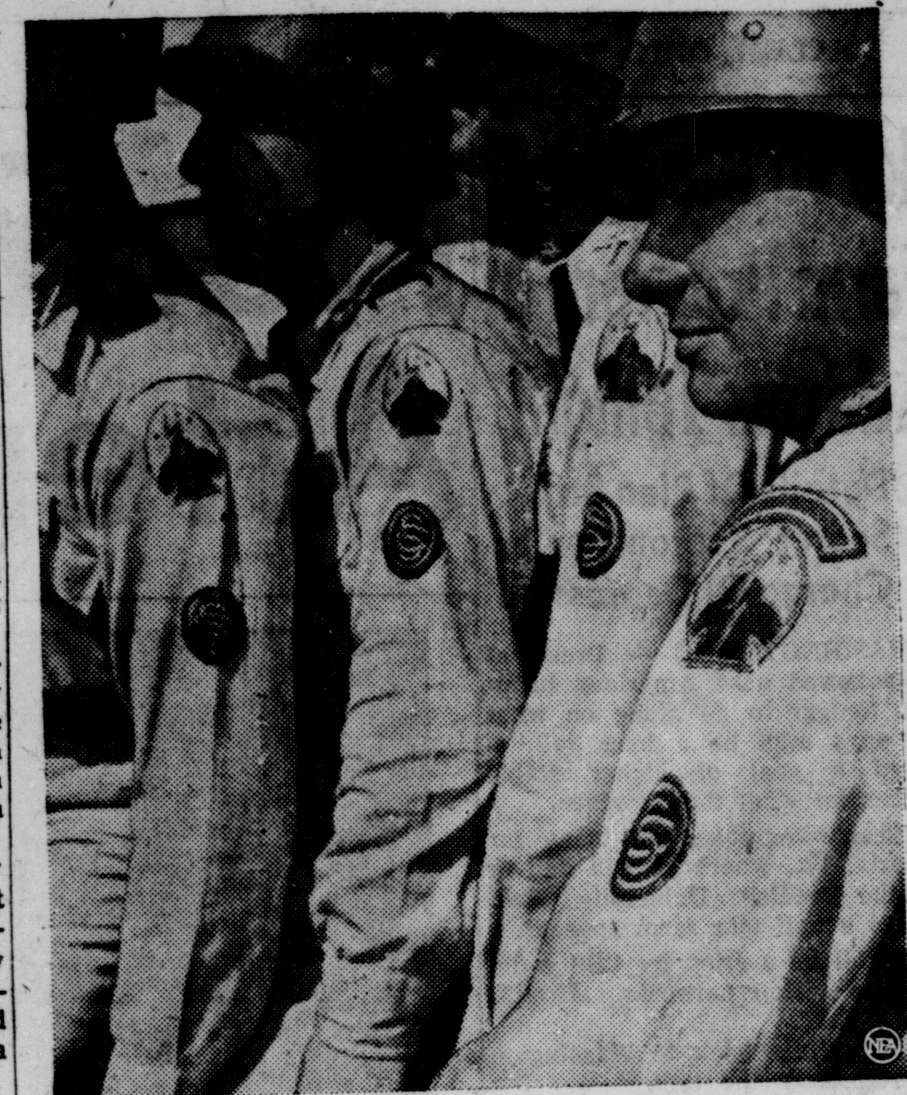

MORE THAN 160,000 Guardsmen were quickly put on active duty. And close to a billion dollars worth of equipment — mostly refurbished World War II stuff — was rushed to the Far East.

Simultaneously the Air National Guard contributed 66 tactical squadrons, with much of their own equipment. Four ANG pilots ended up jet aces.

For the future the Pentagon planners envision an increasingly important role for the ANG and National Guard as regular forces are cut in conformity with new concepts of warfare.

TRACTOR KILLS FARMER

BRYAN, Ohio (AP) — Sylvan F. Frank, 56, Rt. 2, Edon, died Monday en route to a hospital after he was pinned 30 minutes under an overturned tractor at his farm.

FUTURE OFFICERS: Since 1953 the National Guard has been sending men to Officer Candidate Schools, such as Fort Benning and Fort Sill, to insure a supply of junior leaders.

WEEKLY TO GET LEGAL ADS

CANTON, Ohio (AP) — Over the protest of Mayor Carl Wise, city council Monday night approved publication of this city's legal advertising in the weekly Canton Economist as well as in the daily Repository.

The mayor maintained that it was "simply wasting money" to spend what he estimated would be \$4,000 to \$6,000 a year for the advertising in the Economist. Morton Frank, publisher of the weekly, argued that the "public and the taxpayers are entitled to know in as full limits as possible exactly what is going on."

Kensington Ladies Aid Has Meeting

KENSINGTON — Members of the Ladies Aid Society of the Methodist Church met Wednesday evening at the home of Mrs. Evelyn Loutzenheiser.

Eleven members were present as Mrs. Meda Maple and Mrs. Mabel Boals won prizes. The October meeting will be at the home of Mrs. Cora Beall.

The Ladies Aid Society of the Christian Church met Thursday evening at the church annex with Mrs. Betty McKarns and Mrs. Irene Bolen in charge.

Contest prizes were won by Mrs. Verna Merriman and Mrs. Betty McKarns. Mrs. Evelyn Loutzenheiser will be hostess at the next meeting in two weeks.

Lester Kibler of Geneseo, Ill., is visiting with relatives here.

Mrs. Lauda Dibble, Mrs. Nora Roach and Maxine, and Mr. and Mrs. Otto Beall were Salem callers Wednesday.

Mrs. Wayne Roach of Hanover, N.H., and Mrs. Clifford Whinnery of RD, Salem were Monday visitors with Mrs. Nora Roach and Mrs. Chester Duvall.

Lewis Shields visited over the weekend with his brother, Everett Shields and family at McMinnville, Tennessee.

WHO DAT? — It's none other than our own Greta Garbo, still publicity shy. Unglamorous hair-do and dark glasses help disguise the famed screen star as she boards a plane in Paris, heading for New York after a summer in Nice, France.

Mt. Nebo Grangers Hold 'Booster Night'

"Booster Night" was observed Friday night at the Mt. Nebo Grange meeting in the hall. Eighty were present.

Master Ernest Tullis gave the welcoming address, and the literary program was presented by Mrs. Ernest Tullis.

Following the opening song, "Home Sweet Home," member's answered roll call by naming their mothers' favorite recipes.

The proclamation was read by Lloyd Bailey. Other numbers on the program included: vocal solo, "Bossy the Heifer," Sally, Ronny and Rosemary Ludwig, accompanied by their sister, Linda.

"Open Up Your Heart," vocal solo, Barbara Jones; "Hawaiian Winds," piano solo, Kathryn Bailey; state master's address, read by Simon Ludwig.

The Village Ramblers played for round and square dancing. The next regular grange meet-

ing will be Wednesday night. A representative of the state highway patrol will show movies. Members are asked to bring sandwiches or cookies. The social committee is comprised of Mr. and Mrs. Harley Pelo, Mr. and Mrs. Ludwig and Mr. and Mrs. Tullis.

County Man Arrested By FBI in Florida

MIAMI, Fla. (AP) — Gail Freeman, 20, was arrested by FBI agents Monday on a federal warrant charging him with unlawful flight from East Liverpool, Ohio, to avoid prosecution on a charge that he raped a 13-year-old girl. Freeman was picked up at a tire repair shop where he has been working.

FIVE FLEE FIRE

NORWALK, Ohio (AP) — A mother and four young children escaped unharmed Monday night from a \$20,000 fire in nearby Monroeville. Mrs. Forest Joseph Sr. helped her children from their second-floor apartment when fire broke out in a closet. The blaze also damaged a drug store on the ground floor and a furniture warehouse on the third floor.

BED WETTING CAN NOW BE STOPPED IN TIME FOR SCHOOL Mothers . . .

You can solve this serious problem for your child.

THIS VITAL INFORMATION IS AVAILABLE TO YOU AS A FREE PUBLIC SERVICE.

Medical research has proven that your child's personality adjustment and progress in school can be hindered considerably by a bed-wetting problem. Medical research has also proven that in over 80,000 cases Enurac has stopped this problem in 2 to 4 weeks. Without drugs or attachments. It costs nothing to get full details.

Northeast Ohio Courts In Arrears

1,275 Civil Cases Pending In District

WASHINGTON (AP) — Federal courts in northeast Ohio still are so overloaded with cases that the judges can't keep up, a federal report said today.

Termed "badly in arrears" were courts in the eastern division of the northern Ohio district, embracing Cleveland, Akron and Youngstown.

On the other hand, the survey said dockets in the western division, at Toledo, are up to date. "But the caseload there," it added, "is somewhat smaller than the caseload per judgeship in the eastern division."

The Ohio court situation was summed up in an annual report by Henry P. Chandler, director of the administrative office of the U. S. Courts.

The report did not list the southern district as having court congestion problems. This district has courts at Cincinnati, Columbus and Dayton.

Chandler's report—submitted to the chief justice—showed there were 1,275 civil cases pending in the eastern division of northern Ohio as of June 30, and that pending criminal cases as of that date had increased from 54 to 114 in 12 months.

Only 16 criminal cases were pending June 30 in the court of Toledo, the report said.

Taking up some of the reasons

SUPPORT SINKING SCHOOL—Wooden supports had to be placed alongside the wall of the Elk Point, S.D., high school building as strange shifting underground caused wide breaks in the walls. Classes have been moved out of the building and many homes and other buildings are cracking because of the underground shifts.

for the huge backlog in the eastern division, the report said:

"The Smith Act (anti-Communist) trial during the past year with 11 defendants, lasting from October to February with a total of 42 trial days, required the constant attention of one judge for six months.

"It has now been disposed of, but several other 'big cases' remain on the dockets, including two government antitrust actions which may be set for trial this coming year."

To illustrate the effect of the big northeast Ohio backlog, the report said the typical civil case in the business year 1948 took 16 months from the time a charge was filed until a decision was reached.

The contrast, the report showed, the typical case in that area during

How I Lost 57 Lbs.

BARBERTON, OHIO—"I have had excellent results with RENNEL Concentrate," writes Florence Rice, 172 Grace Ave., Barberton, O. "Since I have been taking RENNEL I have lost 57 lbs. Now 5 of my friends are using RENNEL with the same wonderful results."

Ask your druggist for 4 ounces of liquid RENNEL Concentrate. You'll never know a hungry moment while reducing with RENNEL.

1 Given Prison Term; 2 Granted Probation

LISBON — One man as sentenced to the Ohio State Penitentiary after he was refused probation, and two others were given five years' probation at hearings in Common Pleas Court Monday afternoon.

Charles Mercer Jr., 27, of near East Liverpool, was denied probation by Judge Joel H. Sharp and was sentenced to one to 15 years in the penitentiary for burglary of the Colonial Grill in East Liverpool March 27, 1956. Indicted by the April Grand Jury, he had pleaded guilty and asked for probation.

Hobart Paul Weese, 28, of Germano and Thomas R. Bagley, 21, of 481 W. Pershing St., Salem were each given five years' probation for auto larceny. Arrested by Salem police Feb. 7, 1953, Weese and Bagley admitted armed robbery in Harrison County of a truck stop near Cadiz and were sentenced to 10-20 years in the Ohio State Reformatory, Mansfield.

After their release from the reformatory April 3, 1956, they were returned to Common Pleas Court where both entered pleas of guilty to auto larceny and asked for probation which was granted by Judge Sharp.

BIRTHDAY CLUB TO MEET

The Birthday Club will meet at 8 p.m. Wednesday in the club rooms. Members are asked to bring "white elephants."

Mrs. Elvis Kirchgessner will be chairman of the social committee for the evening. She will be assisted by Mrs. Arthur Stark, Mrs. Roy Morris and Mrs. Delmar Stackhouse.

Retarded Children's Council To Meet Tonight

The Columbiana County Council for Retarded Children will meet tonight at 8 in the Lisbon Presbyterian Church.

Anyone interested in the program is invited to attend the meeting.

Nixon Late For Parade, Crowd Already Dispersed

SALT LAKE CITY (AP)—Several thousand people lined a five-block parade route Monday night, hoping to glimpse Vice President Nixon.

They saw a band, a carload of pretty girls, several convertibles filled with dignitaries and another band. But no Nixon. They dispersed, wondering what had happened to him. Soon another auto rolled down the same route, according to the petition.

flanked by motorcycle policemen. There was Nixon, but with few people left to wave to.

A Nixon spokesman said signals must have gotten mixed.

E. Liverpool Man Asks \$15,000 In Damages

LISBON — A suit for \$15,000 for personal injuries and damages allegedly stemming from a chain auto accident was filed in Common Pleas Court Monday by Hubert M. Myers, East Liverpool.

Donald E. McQuown, Silver Springs, Md., and Robert Burchill, McDonald, Pa., were named defendants.

Myers claims in his petition that Burchill hit McQuown's car causing it to hit his car.

The accident happened on Dresden Ave., East Liverpool near the city limits Jan. 30, 1956, at 2 p.m., according to the petition.

Men Don't Agree With Law, Women Go On Jury

DALLAS, Tex. — "Do you agree in the law that will convict this man?" the prosecuting attorneys asked a prospective juror in a liquor violation case.

"My religion prevents me from punishing a man for a crime," the man answered.

The next man asked was more direct in his reply.

"I just don't believe in the law," he said.

Both men were excused and the jury ended up with all women.

New Synthetic Rubber Available For Wartime

LOS ANGELES (AP) — A new synthetic rubber recently developed could free the United States from its dependence upon imported rubber, says Harvey S. Firestone Jr. He said in an interview that in a national emergency the new synthetic—called Coral—could be used in lieu of rubber from other countries.

Firestone said, however, that it will not replace natural rubber in the near future and that the United States will continue to use all the natural rubber it can import.

On The Farm

The pointed appeals by both presidential candidates to farm voters in the next few days illustrate how representative democracy works—and why it sometimes fails.

Farm voters have common convictions because they have common problems. No political candidate can afford to ignore their problems or their convictions.

Because farm voters are numerous distributed among 48 states and hold a theoretical balance of power in many of the states, they can be sure of getting attention. Under a two-party system, they also can be sure of competition between the parties for their favor.

The possibility of competition when both parties are on the wrong track is a threat to popular government. But there is also the possibility that one party will come up with a better idea than the other one in its efforts to win over farm votes.

That is the situation in 1956. That is why Mr. Stevenson and Mr. Eisenhower are scheduled for so many farm speeches.

The Democrats are stuck with a farm policy developed during World War II and the Korean War to stimulate production by payment of federal subsidies.

When stepped-up production no longer was needed, surpluses piled up. They rose from 2½ billion dollars' worth of unneeded and unwanted commodities at the end of 1952 to nearly 9 billion dollars' worth early this year.

Existence of the surpluses, depressed prices for current farm production, thus increasing the subsidy drain on the U. S. Treasury to keep farm income from sagging.

Democratic farm policy calls for continuation of surplus production, to be paid for out of public funds in order to shore up farm income.

The Eisenhower administration's farm policy, drawn up by Secretary of Agriculture Benson, called for elimination of existing surpluses, elimination of new surpluses and restoration of natural pricing and free marketing for farm commodities.

The Democrats' policy aims to make farm voters dependent on politics for their incomes. The Republicans' policy aims to make farm voters independent of politics by restoring them to full rights in the free-enterpriser system.

The issue is between expediency and principle, no matter how it will be described in the political corridors.

In 1956 it has been joined squarely between the principles of Secretary Benson and the expediency inherited from the wartime needs of the Roosevelt administration.

Better Look Behind Us

The tax spenders' law in the United States is this: Resistance to taxes declines in proportion to distance.

Taxes for spending in far-off Washington are scarcely resisted at all.

Taxes for spending in the state capital are merely resisted.

Taxes for spending at home are resisted to the last ditch.

Between the two extremes of federal and local taxation—the former taken for granted, though largest of all, the other resisted bitterly though smallest—state taxation is given scant attention.

A report from Commerce Clearing House in Chicago suggests state taxes are about to receive more attention than they have been getting.

New tax highs have been reached in 1956 in all the 48 states, for an average of \$81.60 of state taxation per capita—\$244.80 for a family of three.

Lowest state tax is New Jersey's, where city tax burdens are so high the state is satisfied with \$47 per capita. Highest is \$131 in Washington, which pays for many services paid for at local levels in other states.

Ohio's per capita state tax has reached \$71 and is about to go higher, warns Ohio Chamber of Commerce. In the next two years, according to a survey by the Ohio Chamber's taxation and research department, Ohio may have to dig out as much as 100 million dollars in new revenue to balance its books—a prospect bringing no cheer to Gov. Lausche's successor, whether he happens to be Bill O'Neill or Mike DiSalle.

But the prospect is there and only one thing could change it — a slashing economy drive in Columbus that would cut all the fat and some of the red meat from state spending.

Every promise made in the 1956 campaign for governor or in any campaigns for state office that would cost a single dollar more than is in sight from existing taxes is a promise of additional taxes for Ohioans already paying an average of \$71 per capita, not counting highway taxes.

The first to criticize a quitter is the one who doesn't even have the nerve to begin.

H-Bomb Tests

By DAVID LAWRENCE

Adlai Makes Strange Proposal For Halting Tests

WASHINGTON — The American people can judge the quality of a presidential candidate's mind only by the kind of judgment he displays when he discusses publicly a problem involving national safety and possibly national survival.

Such a problem is presented by the H-bomb. Congress by law gives to one man only the authority to decide its use, and that man is the president of the United States.

Adlai Stevenson has said some strange things about abandoning tests of the H-bomb. If what he said originally were followed, Soviet Russia would be free to continue to develop horrible weapons of destruction and America meanwhile would halt her experimental work. This would give an immense advantage to the Communists. The record of what Mr. Stevenson said is going to plague him until he makes a full and frank confession of the error he made in his statement. He has never done so since his original comment of April 21, 1956, before the American Society of Newspaper Editors when he said:

"I believe we should give prompt and earnest consideration to stopping further tests of the hydrogen bomb, as Commissioner Murray of the Atomic Energy Commission recently proposed. As a layman, I question the sense in multiplying and enlarging weapons of destructive power already almost incomprehensible. Of course, I would call upon other nations to follow our lead, and if they don't, and persist in further tests, we will know about it and we can reconsider our policy."

TWO DAYS LATER Senator Ke-fauver of Tennessee — then a rival for the Democratic presidential nomination — said in a public statement that he didn't believe this country should halt testing of the hydrogen bomb unless Russia does. He added: "I think that anything we do along that line should be reciprocal. I wouldn't want this country to stop testing if they (the Russians) are going to keep on testing."

It should be recalled that the Moscow regime was then and had been for some time the prime mover in a world-wide propaganda crusade to have all H-bomb tests banned. The propaganda infiltrated some British and French circles and even some influential Catholic scientists in France who were duped by it and were reported to have persuaded the Vatican to come out for a ban on super bomb testing — though it turned out to be only an expression of hope by the Pope that there might be a universal ban. He didn't mention any one-sided ban.

Mr. Stevenson claimed in his April speech that he was merely accepting a proposal laid down by Thomas E. Murray, one of the five members of the Atomic Energy Commission. What Mr. Murray in a public statement had said on April 12 last was this:

"We must beware of the false idealism lurking in the Soviet slogan 'Ban the Bomb.' In the discussions and negotiations looking to disarmament, it would be sheer folly to be maneuvered into making a blanket renunciation of the use of all types of nuclear weapons."

MR. MURRAY only last week after the Stevenson speech — amplified his statement by saying

he didn't think any more tests of the very big bombs were necessary because we had enough and that there should be a balanced stockpile of nuclear weapons.

The point, however, is not what kind of bombs should be developed as this is a matter for the scientists and the military men to decide but whether the United States should ever take a one-sided or what is called "a unilateral" action on disarmament without getting an agreement from the other side or at least some kind of a concession that is followed by a fool-proof international agreement. That's why President Eisenhower in opening his campaign on September 18th said in his television address:

"We cannot prove wise and strong by any such simple device as suspending unilaterally, our H-bomb tests. Our atomic knowledge and power have forged the saving shield of freedom. And the wise future use of atomic power can be assured, not by any theatrical national gesture — but only by explicit and supervised international agreements."

Thereupon Adlai Stevenson two days later made a speech at Silver Spring, Maryland, in which he said the President had "dismissed curiously" his (Stevenson's) proposal "that the United States take the lead in promoting curtailment by all nations of hydrogen bomb tests."

BUT THERE'S a vast difference between "promoting curtailment of all nations" and actually stopping the tests "unilaterally," that is alone by one side without any agreement whatsoever with the Communists or other nations. Yet Mr. Stevenson insists on making it appear that he has all along proposed a mutual and not a one-sided ban and that President Eisenhower is now rejecting a two-sided ban and that President Eisenhower had resorted to such twisting of the facts the ADA and the Stevenson camp would have been calling it "tricky" and "low-level campaigning."

For Mr. Stevenson went on to say in his Silver Spring speech that the President actually had "indicted not only me but churchmen and political leaders the world over including Pope Pius XII, representative of the Baptist, Unitarian, Quaker and Methodist churches, Commissioner Murray of the Atomic Energy Commission, Sir Anthony Eden and many other sincere and thoughtful persons in the United States and abroad who have made similar proposals."

The key words are "similar proposals" and the fact is Mr. Stevenson cannot point to a single statement by any of the persons he mentions who ever proposed doing it "unilaterally" by a one-sided ban on H-bomb tests. This is the only thing President Eisenhower denounced as a "theatrical national gesture."

There have been, of course, many proposals for a reciprocal ban on tests with mutual agreement by all sides but Mr. Stevenson is the only man who had ever proposed that the United States go it alone and stop testing while Communist Russia continued with her tests. How long would Mr. Stevenson wait while the Communists forged ahead? These are the delicate matters of judgment which a president of the United States must deal with nowadays.

Spotting Tax Errors

By DOUGLAS LARSEN

One of Uncle Sam's top secrets is an improved method of sorting income tax returns to spot errors and fraud quickly and accurately.

Devised by the U.S. Internal Revenue Service it will add more than one and a half billion dollars to the U.S. Treasury this year.

If the code to the system were made public, or if it got into the hands of unscrupulous persons, the government could lose untold millions in taxes.

As returns are filed they're sorted into scores of piles according to the formula of the secret code. One of the big advantages of the system is that any unskilled clerk can do the job. It enables the trained auditors to concentrate on the more complex work of analyzing returns.

Many combinations of figures and facts on a return can indicate if it is likely to be incorrect, and into what pile it should be placed.

One obvious general category includes high-income returns. They are further sorted into piles indicating a probably incidence of error.

Returns on incomes from family-owned corporations are in another general category. A high percentage of error always exists here, too.

But beyond these obvious divisions the improved sorting system becomes more subtle and many-pronged. A chief feature is that it enables IRS to make a highly-profitable audit of low-income returns.

The new sorting system, plus streamlined office procedures, will permit the Revenue Service to audit a record number of four million returns this year, twice as many as any time in the past.

There are about 60 million returns filed each year.

When the sorting is finished most of the piles are not audited.

In 1954 money collected from the audit was one billion dollars. In 1955 it was jumped another 200 million. This year it is expected to be more than one and a half billion.

The real benefit, IRS experts claim, is an increase in the percentage of accurate returns which taxpayers are realizing they must file.

"At the same time the number of criminal cases developed by the Revenue Service is at an all-time high and this increase will continue throughout the next few years," promises Charles K. Rice, Assistant U.S. Attorney General.

Last year 718 persons were convicted of income tax fraud. In addition to devising the improved sorting technique and improving office procedures IRS in the past two years has increased its staff of auditors from 7,000 to 11,000. For every dollar spent on the auditing of suspected returns Uncle Sam collects \$18.

IRS officials are anxious to point out that while they have tightened enforcement of income tax laws they have improved the procedure for appealing the decision of an auditor.

First step is an informal discussion with the auditor's group supervisor. If that doesn't settle the matter the taxpayer can go to a special appeal group of the IRS which is instructed to take a fresh and impartial view of the dispute. Finally, a taxpayer can go into court to challenge an auditor's findings.

All audits are now being completed 21 months after the date of filing, an IRS spokesman says, although a return can be reviewed within three years.

Still Warming the Bench

Fear Of Religion In The Schools

By GEORGE SOKOLSKY

From the parent teacher association of the Jamaica High School of New York comes a letter addressed to Charles Silver of the Board to establish a program for "The Development of Moral and Spiritual Ideals in the Public Schools."

The letter is one of protest against the program, lest somehow sectarian religion creep in. The gist of the letter is in this paragraph: "... no safeguards have been set up to prevent the expression of religious views under the guise of moral and spiritual teaching. I need not remind the members of the Board of Education that there are over 200 religious sects in this country. Nor that each one is entitled, under our Constitution, to practice and teach its own beliefs in its own way. Nor ought we to forget the rights of non-believers and of that numerous body of believers not affiliated with any particular sect."

ONE MIGHT ask this P.T.A. whether its members prefer juvenile delinquents who are likely to be young people who have been safeguarded from moral and spiritual teaching of any kind and who have no respect for God, for their parents, for the laws of their country or for the rights and opinions of other human beings. The question arises where in the Constitution is there any such statements as the quoted statement says there is?

The only mention in the Constitution of religion is in the First Amendment and that only forbids the government to establish a church, perhaps providing its revenue out of taxes.

It is impossible to understand the fear of religion, despite the historic fact that those nations thrived best and their people lived most decently when they believed in a power outside themselves that makes for righteousness. We call that power God and when our people accepted God's guidance and His moral law, we were on the upbuilding phase of our history. During the present sophisticated times, when it is possible for an association composed of parents and teachers to send a letter con-

taining such a paragraph I have quoted expressing a fear of religion, we are no longer on the upbuilding phase of our history. We are involved in such problems as broken homes, juvenile delinquency, excessive divorce, increasing crime, particularly sex crimes.

WE HAVE BECOME a confused people, not because we have "over 200 religious sects," but because we have forsaken God and have substituted for Him something called human rights which can only be sustained as rights if they emanate from a power greater than man. Otherwise what man establishes, other men can disestablish as Khrushchev has declared false what was true in Stalin's time — three years ago.

The letter I quoted further states: "Teachers are human beings. Their abilities vary, including the one enabling them to keep strong personal views from being expressed tacitly or openly. We know there have been flagrant examples of such religious statements in the classrooms. We can only guess at the frequency of vaguer but equally disturbing expressions that have confused and confounded the minds of our children."

IT WOULD BE interesting to

know what the "flagrant examples of such religious statements" were. What is a "flagrant example"? It might be one of those old Anglo-Saxon words which are bad but become less bad when spoken in a lengthened derivative from the Latin. It might be the restatement of the moral law as the teacher learned it from her parents which might be slightly different from what the child's mother learned in her childhood.

Five years ago I attended a most interesting meeting of the Natural Law Institute of the University of Notre Dame at which for several days, Jews, Catholics, Protestants, Confucians, Moslems, Buddhists and Hindus discussed the natural law each from his own standpoint, and when the sessions were over, there was no disagreement as to the moral law of God, but there were also no conversions. Each went his own way but all really went the same way, that is in the same direction.

The parents and teachers of the Jamaica High School truly need not fear God or any expression of reverence for Him; what they should fear is that their children will believe that those whom they hope to emulate will not be saints but sinners.

U. S. Reds Admit Errors

By JAMES MARLOW

WASHINGTON — American Communist leaders have now publicly acknowledged errors in a document which is sickening testimony to the wasted lives of thousands who were, or still are, party members giving blind obedience to the Kremlin leadership in the belief it knew what it was doing.

The list of errors is in a resolution drafted by the party's national committee for submission to the party's convention next February. Many of these errors, in one form or another, were admitted publicly earlier this year in various party publications.

While the leadership of the American Communist party claims it is not a Russian agent,

it is a fact these errors were admitted only after Nikita Khrushchev, Russian Communist party boss, last February confessed mistakes in Russia and suggested other Communist parties become self-critical.

The self-criticism was not simply for breast-beating. Khrushchev suggested it is part of a change in tactics but not in goals. He said Communist parties will still take over where they can peacefully, if that's possible, by working with other groups until they gain power; violently if necessary.

The U.S. Communist party, according to the committee document, will now try to work with other groups more than in the past. Thus the admission of errors is a part of a general face-lifting job.

But the U.S. Communist party, which for more than a quarter of a century has held itself up as the one organization fit to run the country, makes itself ludicrous by its admissions of stupidity, blindness and utter lack of an elementary understanding of the forces in American life.

Here are some of the mistakes the leaders concede they made:

They expected the United States to start World War III; they reduced their own membership too much deliberately and then lost additional thousands needlessly by their tactics and bad judgment; they predicted, planned for, major depressions in this country in 1945, 1949 and 1954; they misunderstood this country's economic strength; they misunderstood the American labor movement; they misunderstood American Negroes by thinking their struggle for equality was some kind of subconscious anticapitalism.

In short, the leaders concede that under their guidance the party has become "isolated" from the mainstream of American life. The leaders say they blindly accepted mid-19th century Marxism as their bible — although they don't use that word — in 20th century America without doing independent thinking of their own.

Once Over

By H. I. PHILLIPS

The Tailored Icebox

The refrigeration industry announces a "formfit" icebox, a box that can, so to speak, be "molded" around any kitchen furnishing or equipment. Having developed the electric icebox into a wonderful gadget in styling and performance, the industry is now "tailoring" it.

An interior decorator can make it as adaptable as a rug. Up to now the housewife might be stymied by the fact her kitchen was too wide, too narrow, too tall or too short for a specified electric icebox, or that cabinets, etc., were in the way, but from here in it may be all a matter of custom tailoring.

ALL OF WHICH takes us back to the early days of refrigeration when nothing mattered except ice and the iceman. An icebox was an icebox and nobody dreamt that it would one day have style distinction, charm and everything but music. It came in one general model; the upright, severe, non-ornamental wooden-box, zinc-lined and with a drain in the base.

The housewife could always recognize it as a refrigerator, not a vault, a radio, a de luxe phone booth or a piece of hospital equipment.

She bought an icebox, put a drain pan under it, hung an ice sign in the window and was all set. All she needed beyond this was an old newspaper to wrap around the ice, and a mop in case the pan overflowed.

BUILDERS HAD PUT no great thought into compartments. It had a door in the top for ice and a door in front for foodstuffs that wouldn't fit around the ice. The missus shoved everything into the box and trusted to luck.

If you wanted ice for drinks you hauled out a hammer and chisel, or perhaps a hatchet, and went to work. We liked to think how a commercial would have sounded in those days:

"Yes, if you want to know the joys of comfortable housekeeping, you will go to the phone now and arrange for a demonstration of this amazing new icebox, a veritable wonder of the age."

Think of it, ladies, it has two shelves! And room around the ice for the celery, a head of lettuce, a melon and the milk. This wonder box opens at the top for ice. The iceman comes and —kerplunk! — the ice is there waiting for you to wrap a back number of Leslie's Weekly around it.

"THIS BOX STANDS the roughest treatment from the crudest iceman, as it is made of oak, a half-inch thick, with copper fittings. On the front door is an attractive latch. The drainpipe is extra large and there is room under the box for a two-gallon pan. Think of that!

Yes, more and more people are now keeping food on the ice instead of on windowsills on the shady side of the house, or in the cellar. Smart housekeepers know it is now possible to keep an egg fresh for two or three days and not have the milk sour in 24 hours!

No back hall is complete without one of these iceboxes, the finest achievement of engineers who have given their all in order that the American woman might have a refrigerator where fish can be kept overnight and where a piece of ice is always available if you wish to apply it to the temples for a headache.

Don't delay and remember that for the next three days we will give with every icebox a new ice card, with the word 'ICE' in three colors!" Oh, the days of the old-fashioned icebox — may they never come again!

"LUST FOR LIFE," written around Van Gogh, is such a fine movie that there is little excuse for the cheap pitch, designed only to lure customers regardless of the effect on the kids. We mean the inclusion of the lines "He didn't kiss; he crushed. He didn't propose; he demanded. He didn't break rules, he smashed them."

Looking Backward

FROM THE NEWS FILES

FIVE YEARS AGO — Cpl. Dorothy Miller, who is stationed at Langley Air Force Base, Va., has been promoted to sergeant. Sgt. Miller Maxine Miller of E. State St.

Pvt. and Mrs. Daniel Crawford of Indiantown Gap, Pa., spent the weekend with Mr. and Mrs. John F. Crawford of Cleveland St. and Mr. and Mrs. Thomas Little of E. Sixth St.

TEN YEARS AGO — Mark Klingsmith of Washingtonville is the new president of the Salem Bowling Association, it was announced today.

Offices were named at a meeting of the Laurettes Tuesday evening at the home of Miss Viola Fido, Liberty St. They are: President, Miss Fido; secretary, Marge Reash; treasurer, Ruth Winkler.

TWENTY FIVE YEARS AGO — Eddie Sidinger, recognized as one of the outstanding quarterbacks ever developed in Salem High School, is expected to call signals for the University of Cincinnati when the Bearcats clash with Rio Grande in their season's opener Saturday.

The Meadow Brook Community Club had a meeting Thursday evening at the home of Lawrence Sanders, Goshen Rd. These officers were elected: President, C. D. Carr; vice president, Mrs. Zoe Ingram; secretary, J. L. Holloway.

Miss Catherine Kent left Wednesday for Kent State Normal School.

FORTY YEARS AGO — Secretary Carl W. Ullman of the Chamber of Commerce and W. D. King, a member of the board of directors, left the city Monday forenoon for Cleveland to attend the annual meeting of the National Commercial Secretaries Association Tuesday and Wednesday.

The Wilbur Union, which was recently reorganized, held a literary entertainment at the Sixth Street Friends meeting house Saturday evening.

Mrs. LaRu Frederick and daughter, Mary F. Bricker, of Garfield Ave. were Sunday guests at the home of Mrs. Mary Kendig, north of Washingtonville.

Kentucky Whites Urged To Boycott Schools As Protest To Integration

HENDERSON, Ky. (AP)—White students in all city and county schools today were urged by a segregationist citizens group to join a walkout protesting enrollment of five Negro children at an elementary school.

The white citizens council appeal followed a walkout by some 570 white children at Weaverton Elementary School in this western Kentucky Ohio River city Monday.

The walkout, which left only 300 white students in the first through eighth grade classes along with the Negro children, was led by parents and the recently organized Citizens Council.

The Negro children were expected to return today to the Weaverton school, where Robert R. Martin, state superintendent of public instruction, ordered classes to be conducted as usual.

A crowd of about 100 persons gathered outside the school Monday but began to disperse before classes were dismissed.

There were no demonstrations by the crowd which was described as orderly.

County School Supt. C. B. West said the five Negro children who had been enrolled in the first, second and third grades Sept. 4 were "perfectly adjusted. They got along well in the classrooms and on the playgrounds."

West described the sudden protest action as "a sloopover from the Clay and Sargis situation."

At Clay and Sargis, about 50 miles away, mobs recently resisted attendance by Negro students at white schools. Order was restored only when Kentucky National Guard troops were sent to the scene and State Atty. Gen. Jo M. Ferguson said the Negroes should not have been admitted since no integration program had been announced by the school boards. The Negro students then were turned away.

In an advertisement appearing today in the Henderson Gleaner & Journal, the local White Citizens Council, organized at a meeting last Saturday, urged white students to stay away from the 11 white schools in the county and six in the city.

The council said in the quarter-page advertisement signed by Rayburn Sugg Jr., council chairman:

"We are in favor of peaceful boycott of all city and county white schools so long as integration continues."

But, it said, "we are opposed to violence in enforcing our views and are in favor of voluntary participation in our council."

Only one city patrol car and a plainclothesman stood by at the Weaverton school Monday.

In the first place, action can often be "stopped", or seemingly stopped, by catching the subject at the exact peak of action when, for a split second, it is standing still. A pole vaulter at the top of his rise, before he starts to fall, is a good example.

Another is a diver at the very instant he reaches the top of his leap from the springboard and before he starts down, or again a fish at the peak of his leap out of the water. All of these subjects are practically standing still in space for a single brief instant. The secret is learning to be ready for that instant, and it's easy when you know what to look for.

Another trick is to follow the action with your camera so that the camera gives the effect of being motionless in relation to the moving subject.

We'd like to show you some first-class action shots taken with simple cameras and give you some tips on how it's done. Stop in any time.

3-Dimensional Color TV Seen By 1975

HOUSTON (AP)—Three dimensional color television by 1975 is predicted by Ray Campbell, Western Division executive vice president of the Foote, Cone & Belding advertising firm. He also predicts by 1960 more than half of all television sets will be color.

"Within 10 years," he told an advertising men's meeting, "we can expect to see closed circuit television in every room in the house. It is likely that in the living room you will find mural television—a wall, almost flat and measuring possibly five feet by seven feet."

Despite the television boom, he said, newspapers still control most of the nation's 10-billion-dollar advertising budget. Newspapers now receive three billion dollars against one billion for television, he said.

2,300 Cleveland Pupils On Half-Day Schedules

CLEVELAND (AP)—A shortage of classroom space and of teachers has put more than 2,300 of Cleveland's public school elementary pupils on half days. And there are 1,500 kindergarten youngsters who can't get in at all.

The board of education today cited these figures to back its appeal to voters to approve an additional 1.3 mills tax levy for school operation and renew the old 7.1 mill levy. The board also asks a new eight-tenths of a mill levy to provide \$2,200,000 a year for construction in 1958 and 1959. The levies will be up for vote at the Nov. 6 general election.

The large size of classes in Cleveland schools has made it difficult to hire teachers, Supt. Mark C. Schindler said. The proposed levy would add 96 teachers to the present staff of 3,900, and that would enable the system to cut the size of elementary classes to 36 children each.

"We average 38 children to an elementary class, compared with 25 or 26 in the major suburbs," Schindler said.

CONTRACTORS INDICATED
WOOSTER, Ohio (AP)—Contractors Walter F. Shetler, 68, of Navarre, and Earl L. Baughman, 47, of Sherrodsville faced arraignment today on charges of conspiring to defraud the village of Dalton (pop. 1,000).

Arrested on secret grand jury indictment Sunday, they are accused of conspiring with Richard B. Harrison of Cincinnati in a fraud which cost the village an estimated \$62,000 in a water-sewage plant project. Harrison, who jumped a bond of \$5,000 in Los Angeles in June, has not been apprehended.

Greeley Grange Plans Installation

NEW ALEXANDER — Greeley Grange held its annual fair and booster night Wednesday with an open meeting.

There were displays of fruits, vegetables, grain, canned and baked goods, flowers, fancywork, antiques and miscellaneous.

There were also displays for the juveniles.

Judges were Mr. and Mrs. Milton Lautzenheiser and Mr. and Mrs. Ed Ramser all of Fairmount Grange.

The Master announced the annual installation of officers for Wednesday evening, Oct. 3, with a basket supper at 7:30. The Mahoning team will do the installing.

The program was as follows: Group singing, "America the Beautiful"; welcome, Master Lowell Smith; recognition of Silver Star members; vocal duet, Mrs. Robert Zaugg and Mrs. Leroy Harsh; national Masters Booster night message, Lowell Smith.

Accordian duet, Thomas and David Kertes; dialogue, "Youth of Today," Raymond Heim and Keith Hahn; vocal duet, Mrs. Zaugg and Mrs. Harsh; address by guest speaker, State Representative and Superintendent of Carroll County schools, Robert Longworth of Augusta.

Music by the Kertes brothers; pageant, "The Grange Foundation" by Mrs. Elton Lowmiller, Mrs. Floyd Herrington, Mrs. Glen Brandt, Mrs. Cecil King, Mrs. Lowell Smith, Nelson Barick and John Schandel.

Song, "Blest Be The Tie"; benediction by the chaplain.

Lunch was sold by the Home Economics Committee.

Miss Helen Crist and Mrs. C. G. Mason made a business trip to Canton Saturday.

Mrs. John Lorey spent the weekend with relatives in Warner and Marietta.

Mrs. Myron Sanor was a Canton shopper Tuesday.

Mr. and Mrs. Frank Clark attended a picnic Sunday at the home of Mr. and Mrs. Harry Wicksham of RD, Hanover.

There were 81 present when the Christian Church held their annual picnic Sunday at Minerva Municipal Park. The basket dinner was followed by a program conducted by Mrs. Clyde Little.

Mr. and Mrs. Pius Schandel, Helen Guthrie and John Schandel attended the Guthrie reunion Sunday at the New Garden Church basement.

The Jolly Nine Club held their annual dinner Thursday at Rose Villa, Portage Lakes. The next meeting will be at the Lena Summer home.

Miss Eileen Ruff is attending Kent State University.

EISENHOWER AND NIXON RECOVERING—Doctors at Bellwood General Hospital in Bellflower, Calif., report that Eisenhower and Nixon are recovering satisfactorily following their appendectomy operations. The Eisenhower is David Eisenhower, 12, left, and the Nixon is Delbert Nixon, 15, right. Neither David nor Delbert is related to the Republican executive leaders.

Rebekahs Hosts At Party; Birthday Club Will Meet

LEETONIA — Six tables of 500 were in play at the card party sponsored by D. Wallace Rebekah Lodge Saturday evening.

Prizes were awarded to Vernon Walters, Adin Harman, Mrs. Harry Klitz, and Miss Johnson. Lunch was served by the committee.

The next card party sponsored by D. Wallace Rebekah Lodge will be Thursday evening. The public is invited.

The Birthday Anniversary Club met Thursday evening at the home of Mrs. Charles McCabe, Walnut St. in celebration of her wedding anniversary.

Five hundred games were enjoyed with prizes going to Mrs. George Weikart, and Mrs. Glen Strauss.

Mrs. Waldo Hall was elected president.

Mrs. Glenn Long will entertain the members of the Deborah Class of St. Paul's Lutheran Church at her home Wednesday evening. She will be assisted by Mrs. Robert Chellis, Mrs. Marquis, and Mrs. Albert Lewis.

New class officers are Mrs. Alan Haller, president; Mrs. Alfred Stumpo, vice president; Mrs. James Stelts, secretary-treasurer; and Mrs. Leo Horst, corresponding secretary.

STUDENTS in the local high school viewed a physical coordination program Friday morning when Ed Steinmetz presented an assembly program featuring routines on the trampoline.

Mr. and Mrs. Joe Robson and daughters of East Palestine spent Sunday with their parents, Mr. and Mrs. Ed Gotthardt.

The Past Matrons Club of the Leetonia Chapter, O.E.S. will meet Wednesday evening at the home of Mrs. Raymond Pyles with Mrs. Earl Kelly of Youngstown as co-hostess.

Miss Dorothy Hileman left by plane last week for Miami, Fla. for a two week vacation.

SENIOR—Microwave antenna towers some 350 feet skyward in northern Manitoba where the \$170 million mid-Canada radar "fence" to warn of enemy air attack from over the polar regions is nearing completion. It stretches 2,700 miles from Labrador to the border of British Columbia, along the 55th parallel. When activated, on New Year's Day, it will backstop the DEW (Distant Early Warning) line, which is much farther north.

5 Persons Die, 11 Injured In Tenement Fire

CHICAGO (AP)—Five persons perished and at least eleven others were injured in a fire which swept a four-story brick tenement building on the near North Side early today.

Scores of persons fled from the building. Several children were dropped from the second floor to persons on the sidewalk below before firemen arrived at the extra-alarm blaze. None of the injured were in serious condition.

Deputy Marshal Richard Daly said arson was suspected in the fire. He said the blaze started under the stairs in the basement and spread rapidly up the stairwell. He said the stairway was fully aflame when first firemen arrived.

Daly estimated damage at \$15,000.

The dead, all Negroes, were found on the top floor of the structure. They were identified as Chester Bloomfield, 8, Eleanor Easterwood, 37, Ruthie Lee Smith, 32, Lovenia Glover, 43, and John H. Green, 44.

1,500 Fight Timber Inferno In California

SAN BERNARDINO, Calif. (AP)—Fifteen hundred fire fighters, including state prisoners, slugged away today at the timber inferno in the San Bernardino Mountains for a fifth day.

A five-mile-long horseshoe of flame on the northeast corner of the 10,500-acre burn was the critical sector.

Five-mile Lake Arrowhead, playground for millionaires, movie stars and average citizens, was described by a forestry official as out of danger — unless the winds change.

But two other resorts were evacuated as flames moved within a mile and a half of them. Some 200 persons fled the resorts on the advice of forestry officials.

The blaze destroyed a storage building, a workshop, two houses, two house trailers, two trucks and four trailers at a Boy Scout camp three miles east of Lake Arrowhead. The camp had been evacuated over the weekend.

SEEK DISASTER AID

MEDINA, Ohio (AP)—The Medina County Farm Bureau has asked Secretary of Agriculture Benson for disaster aid because of last Friday's killing frost.

Vernon Marcellus, president of the farm bureau, said the cold snap destroyed 75 per cent of the county's corn crop and placed "survival of many farms in jeopardy."

Gets Highest Grade

Gale Whitacre

The Ohio State Board of Registration for Professional Engineers and Surveyors today announced names of 505 persons who passed examinations qualifying them for registration.

Of this number, 193 engineers and 21 surveyors were granted complete registration, 27 learned certificates as engineers in training, and 20 certificates as surveyors in training.

Engineering - in - training certificates are awarded those who pass the examination, have acquired their college education, but have not completed their practical experience.

The highest grade for engineer in training was attained by an area man, Gale Robert Whitacre, with a grade of 99 per cent. Whitacre is the son of Mr. and Mrs. Clyde Whitacre of RD 1, Beloit.

Winner of an Electric Furnace scholarship, Whitacre recently was graduated from the University of Cincinnati and is now doing post graduate work at Purdue University. He will receive his certificate at a meeting in Youngstown Nov. 8, from a board member, Walter W. Graf.

Robert D. Hawkins of RD 1, Kensington, was another successful applicant.

Obituary

Mrs. Joseph Duer

Mrs. Cleo M. Duer, 72, of 228 1/2 W. Main St., Canfield died of a cerebral hemorrhage Monday at 1 p.m. at her home.

Born in Milton Township Sept. 23, 1884, she was the daughter of Vinson and Helen Reichard Orr. She married Joseph B. Duer of North Jackson Jan. 1, 1902. He survives.

She was a member of the Concord Presbyterian Church. She had lived in Canfield the past five years, moving there from Salem.

Besides her husband, she leaves three daughters, Mrs. Benjamin J. Haines of Akron, Mrs. Robert A. Ewing of Canfield, Mrs. Frederick Leimbach of Salem; a son, Paul L. Duer of Huntington Wood, Mich.; two sisters, Mrs. Frank Walker of Alliance and Mrs. Clifford Hood of Church Hill; three brothers, Shurl Orr of North Jackson, Edison Orr of Los Angeles, Calif., and Wilbur Orr of Youngstown; and five grandchildren.

Services will be Thursday at 2 p.m. at the Williams Funeral Home in Canfield. Rev. D. Hamilton Funk, pastor of the Concord Presbyterian Church, will officiate. Interment will be in North Jackson Cemetery.

Friends may call at the funeral home Wednesday evening.

Carl Weddell

LISBON — Carl Weddell, 61, of RD 4, Lisbon, died at his home at 6:15 p.m. Monday after an illness of about two years.

Born in Wade, O., March 9, 1895, a son of Charles and Effie Beaver Weddell, he lived his entire life in East Liverpool vicinity. He was a potter by trade. He moved to present address about one year ago.

Survived by his wife, Elizabeth; his mother, Mrs. Effie Weddell in California, five sisters, Mrs. Edith Heckthorn of Chester, Mrs. Goldie Howard, Monrovia, Cal.; Mrs. Jenevieve Young of Bell, Cal.; Mrs. Virginia Baxter, Los Angeles, and Mrs. Ruby Roush of East Liverpool; two sons, Murphy and Clem Weddell, both of Lynnwood, Calif., and one foster son, Carl Weddell Jr. of the home.

Services will be held Thursday at 2 p.m. at the Eells-Leggett Funeral Home, Burial in Columbiana Memorial Park.

Friends may call Wednesday evening at the funeral home.

Mrs. James Reed

NORTH LIMA — Mrs. Harriet Emily Reed, 82, died of a heart attack at 7:15 p.m. Monday at the home of her daughter, Mrs. John B. Duganne of South Range Road, North Lima.

Mrs. Reed was born in Rootstown, O., Oct. 12, 1873, the daughter of Roland and Helen Upson Hough. Her husband, James H. Reed whom she married in 1903, died in 1936.

Formerly of Canfield, she was a member of the Canfield Presbyterian Church.

Besides her daughter, with whom she resided seven years, she

leaves a son, Harold A. Reed of North Lima; a sister, Mrs. Lila A. Vaughn of New Milford; and eight grandchildren.

Services will be held at 3 p.m. Thursday at the Seederly - Beilhart Funeral Home here, with Rev. Andrew J. Marsteller, pastor of the Berean Baptist Church of Youngstown, officiating. Burial will be in Canfield Cemetery.

Friends may call at the funeral home Wednesday evening.

Mrs. J. E. Vaughan

Word has been received here by Curtis H. Vaughan and Arthur H. Vaughan of the death of their mother, Mrs. J. E. Vaughan of Alliance, who died Monday night at the home of her daughter, Mrs. John Lee of Essex Falls, N.J., after an extended illness.

Funeral arrangements are incomplete.

Boy Scout News

Cub Scout Pack 2 of the First Methodist Church held its monthly meeting Thursday evening with a number of parents and guests present. Cub Master William Woolf presided and presented the following awards: bobcat badge, Andy Pirach, Dale Shasteen, Eddie Konnerth, Mark Annis, Don Hernstron, Jack Hernstron; bear badge, Raymond Beech, Dick Brown; lion badge, Robert Tullis; gold arrow, Mike Swetye; silver arrows, Mike Swetye; den mother pins, Mrs. Marge Darnier and Mrs. Zora Peters.

A letter to the pack and others associated with the Cubs from former committeeman Ernest McDonald was read. Also leaving the committee were Ray McGaffie and Mrs. Dorothy Winters.

George Maxwell was welcomed as new assistant cub master and William Thompson as treasurer. Mrs. Josephine Swetye has been appointed secretary. It was announced that a new den is being formed on Southeast Blvd.

Nature study and conservation was the theme for this month's program, and each den displayed various items in keeping with the theme.

The speaker for the evening was M. H. Miles, who gave a talk on the conservation program being carried on in this vicinity and explained how the Cubs are included in the program.

Preceding the refreshments, Rev. William Snowball led the Cubs in singing several songs.

Coin Club Convention

Set Sunday In Akron

The annual Quad City coin clubs fall convention will be held at the Portage Hotel in Akron Sunday.

The Akron Coin Club, the host club, has a full schedule of activities, starting with the opening of the registration desk at 10 a. m.

Some of the scheduled features are an outstanding dealer's course and an auction starting at 3 p.m.

All collectors and friends are invited to attend.

mainland at dusk Monday. The hurricane slammed into Fort Walton Beach, generating fierce sandstorms that blasted the paint off automobiles in its path but did little damage to property.

Flossy did most of its damage in the Gulf of Mexico.

Two of the Carport's crew drowned Sunday, Flossy's first victims. Others missing in the storm-swept Gulf included two persons in an oil company helicopter, about 12 fishermen and an undetermined number aboard the missing tug Rosalie E.

An expectant Negro mother and her three children were killed near Tallahassee Monday when a jet training plane crashed into their home after colliding with another jet in flight.

2 Million In Damage

Damage to oil drilling equipment and ships in the Gulf was unofficially estimated at two million dollars. Several houses were unroofed in the beach area near Panama City and there was some damage to piers near the resort city. Five cabin cruisers were sunk and several others were damaged on Dauphin Island near Mobile. Two tugs sank in Mobile Bay but the crews of both were rescued.

The Red Cross said nearly 10,000 persons were housed in temporary shelters in six northwest Florida counties. There was no estimate of the total number of evacuees along the Louisiana and Mississippi coasts. Several thousand left the danger areas as Flossy approached but many returned to their homes.

The hurricane left floods in its wake near mammoth Lake Ponchartrain on the outskirts of New Orleans. During the height of the

County Demonstration Council Opens Meetings

LISBON—The Columbiana County Home Demonstration Council started its second series of meetings on the "family life series" last evening at Willow Grove Grange hall. People from Knox, Butler, Perry and Salem Townships were in attendance.

Tonight Fairfield, Unity, Elkrun and Middleton Township residents will meet at 8:30 p.m. at Rogers Community Hall.

Wednesday, West Hanover, Center Franklin and Wayne Groups will meet at 8:30 p.m. at Hanoverton Presbyterian Church.

Thursday, Madison, St. Clair, Washington, Yellow Creek and Liverpool Township groups will meet at 8:30 p.m. at Oak Ridge Presbyterian Church.

The topic for the second group meetings will be "understanding you and me better." Any person interested is invited to attend the meetings, according to Miss Polly Stahl, Columbiana County home economics agent.

Birth Rate

Continued From Page One

comprehensive zoning and arterial highway surveys.

City population is also expected to increase in the near future through immigration of employees for expanding local industries and surrounding factories such as the proposed Chevrolet plant at Lordstown.

With increased population, problems involved in operating a city also increase, such as housing, water, sewage disposal, garbage collections, streets, parking and zoning. The city is presently working out plans to solve the streets parking and zoning problems through comprehensive zoning and highway surveys and plans.

The city water system could presently serve twice as many residents as Salem now contains.

Aubrey Hayes, utilities superintendent, says the city is presently pumping only about one-half of its total water capacity.

With the completion of the expansion project at the sewage treatment plant, the disposal plant will be able to service a sewer population of from 20,000 to 25,000 persons.

Last year 84 new houses were constructed in the city, over one-third of these were for the housing project of Franklin Homes Inc. in the Southeast Blvd. allotment.

The population increase since 1950 has already far exceeded that of the 1940-50 era when the population increased only 3.7 percent, a gain of 453 persons.

Between 1920 and 1930 the population only increased 317, 3.1 percent.

However, compared with other 10-year periods the city is not now suffering the growing pains it once knew.

Between 1860 and 1870, the village of Salem almost doubled in size, from 1,889 to 3,700. Salem increased its population 43 percent between 1880 and 1890, from 5,780 to 7,582.

All other 10-year eras except for 1870-80 also showed a higher population increase than the present period.

However, it should be pointed out that in Salem's earlier history such problems as sanitation and street improvements were easier solved, as the standards were not as high as at the present time.

News of the World in Pictures

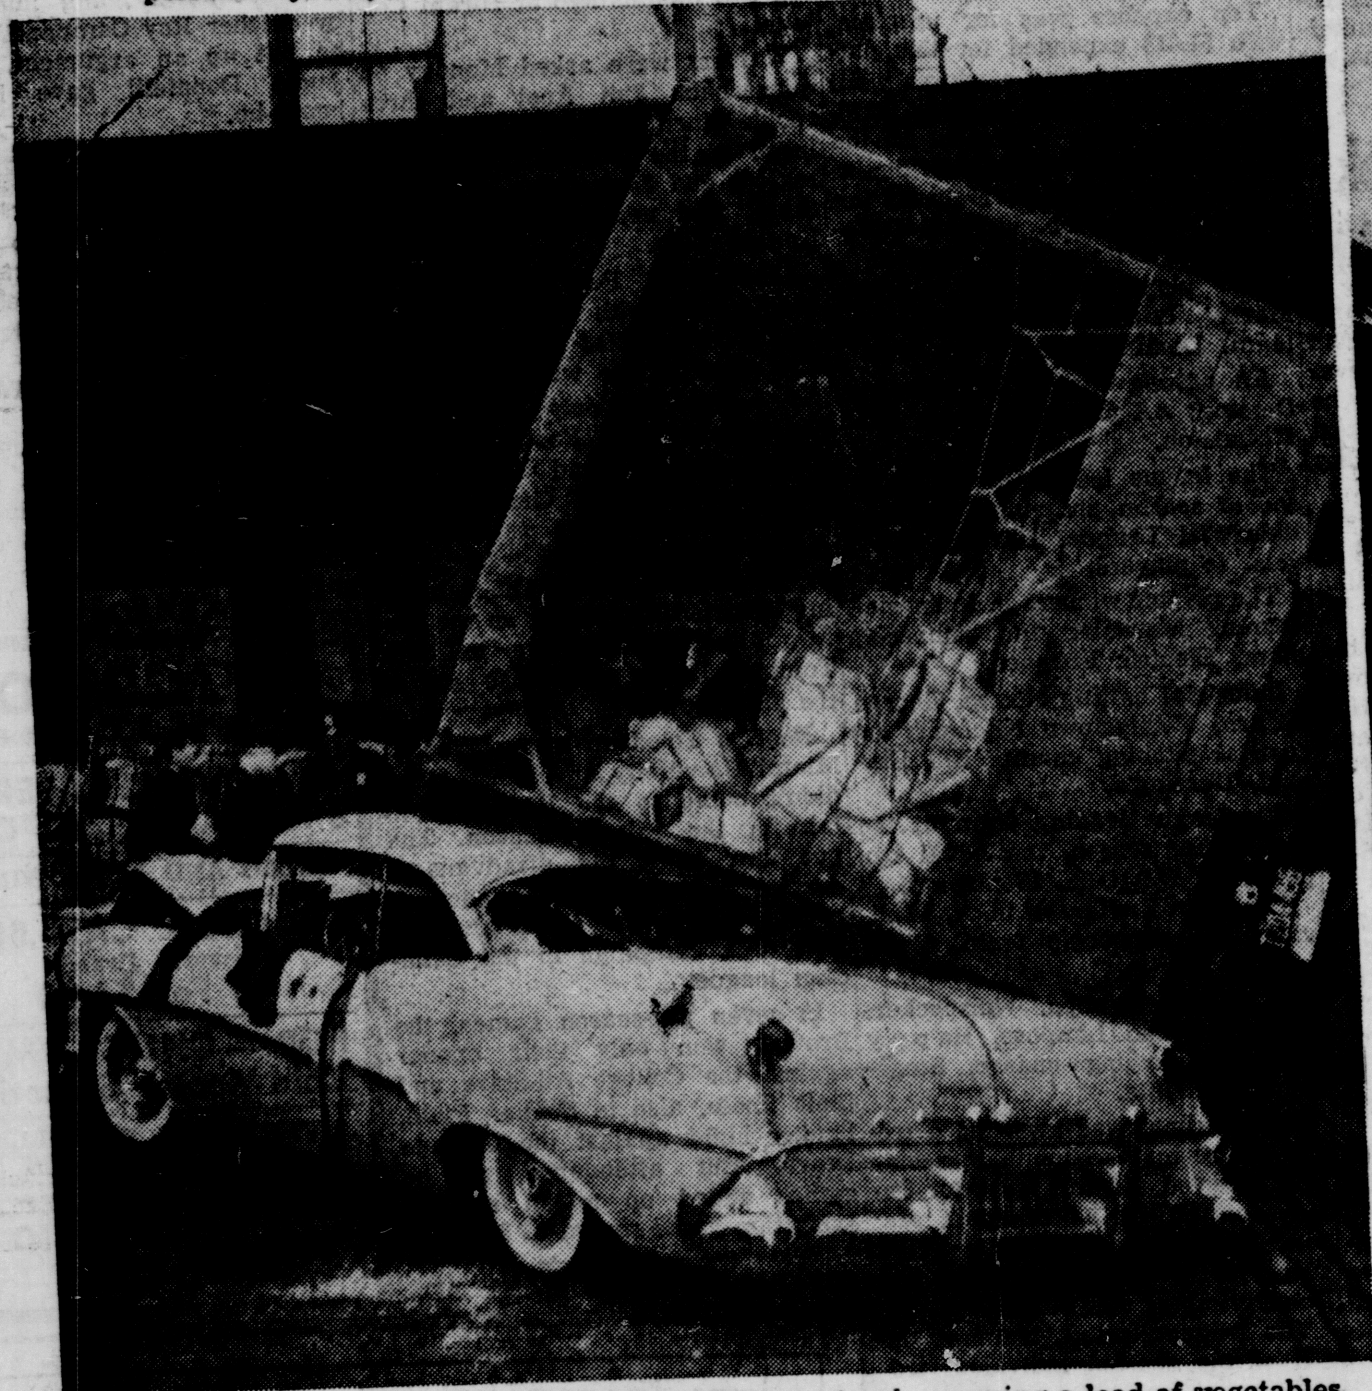

A MOMENT OF GRATITUDE—Noted actress Helen Menken and 6-year-old Daniella Acanfora present a scroll of gratitude to Danish Ambassador Henrik Kauffmann for King Frederik IX of Denmark on behalf of crippled and disabled persons by Royal Danish ballet in New York.

A POTTO MEETS A GAZELLE—Otto, the potto (a kind of West African sloth), seems pleased with this formal introduction to Belle, the gazelle, at the Bronx zoo. Tobacco being served by the zoo's Marian McCrae is actually a tidbit to persuade Belle to come a little closer. Pottos, about the size of squirrels, have large eyes, stump tails, live in trees.

A BOOST FOR AUTUMN—Lovely Caroline Johnson, hopes no one will quarrel with her selection as Miss Utah Autumn. She is helping with harvest in Ogden.

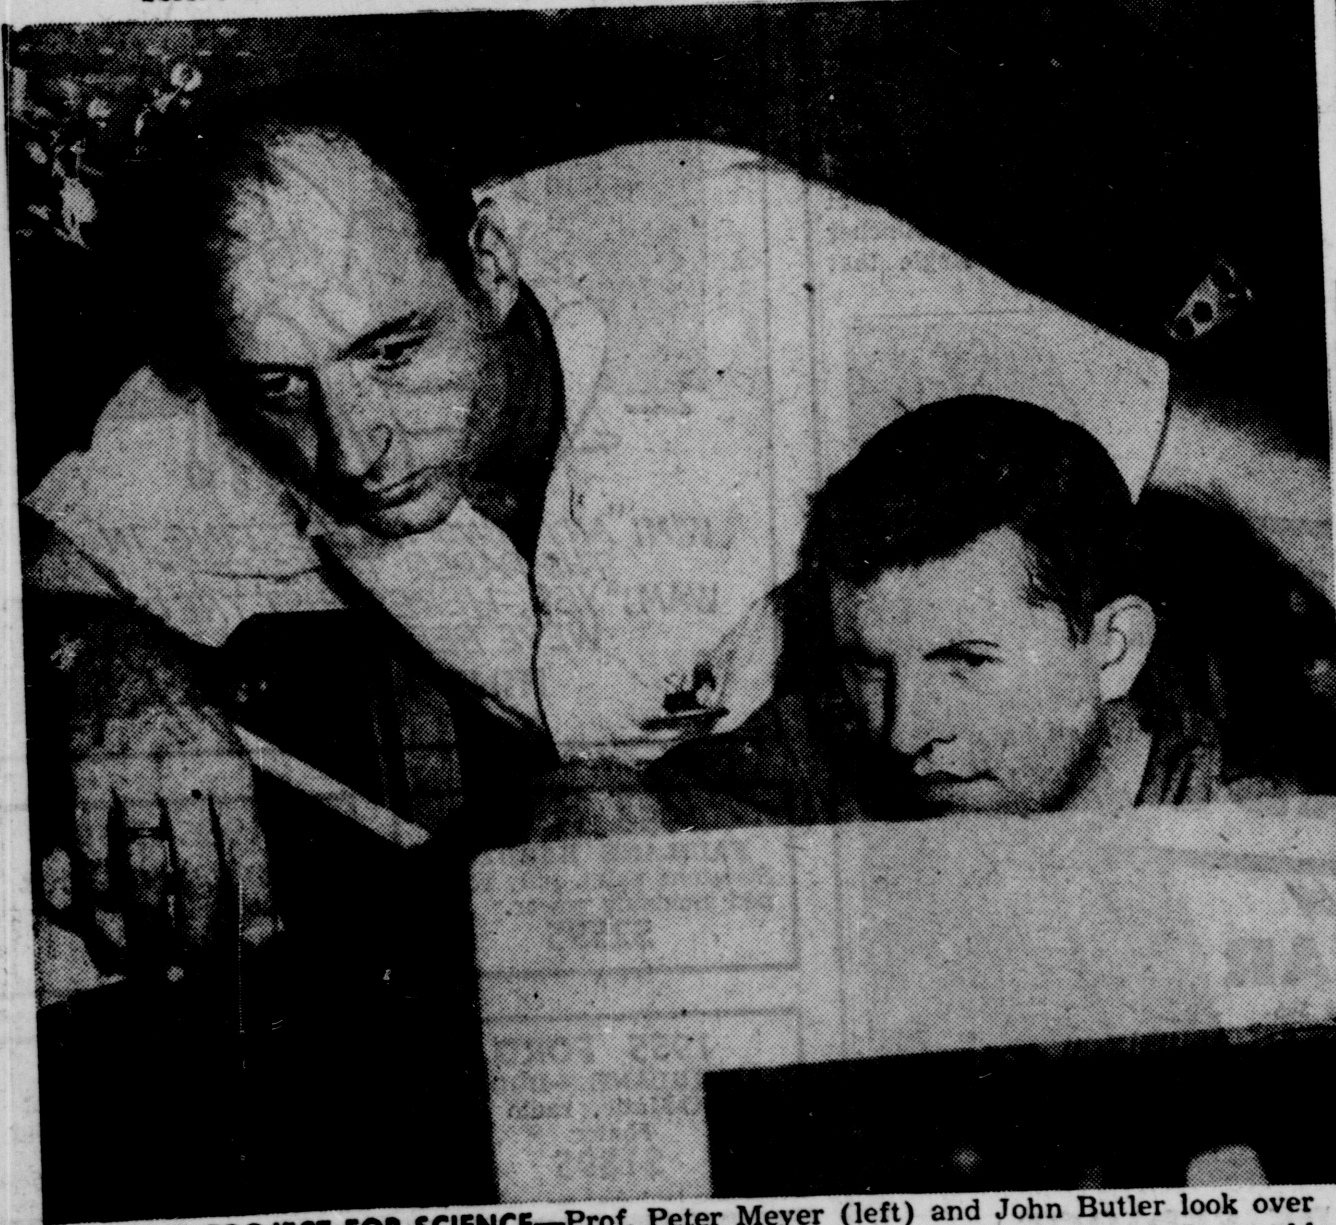

A CASE OF MIXED VEGETABLES—A 2½-ton truck, carrying a load of vegetables, lies atop the car of Milan Schuster in New York after a collision on a rain-slicked street. Schuster and his wife, Vera, suffered minor injuries as did the truck driver, John Sample, of Exmore, Va. The vegetables had to be unloaded before the truck could be righted. Note policeman helping unload truck's cargo.

A TRIBE OF PENGUINS?—No, this is a hiking group on Grinnell glacier in Montana's Glacier National park. Beyond the hikers is the spot called Garden wall.

A BOY AND HIS DOG—In the Hudson bay area of Canada, an Eskimo boy poses with his Husky dog. With visored cap on his head and boots on his feet, this youngster still wears traditional Eskimo parka.

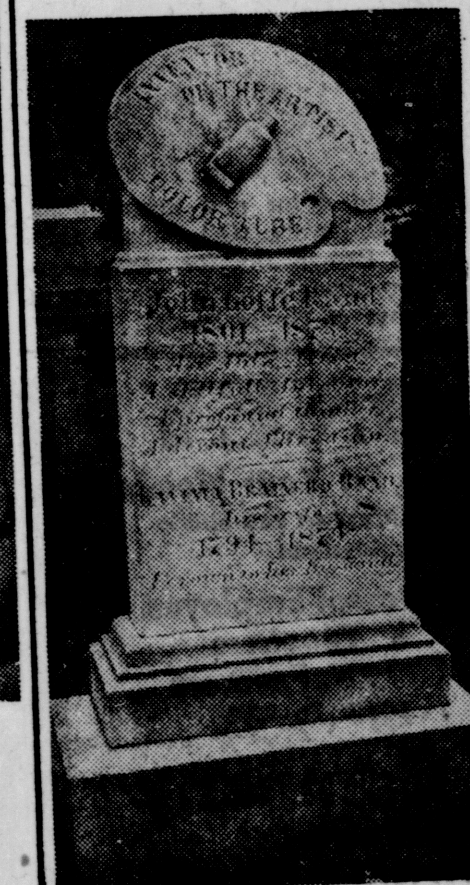

A PROJECT FOR SCIENCE—Prof. Peter Meyer (left) and John Butler look over the 1,500-pound cosmic ray monitor, which will be airlifted around the world in an unusual scientific project conducted by Air Force's Cambridge research center at Bedford, Mass. Butler will man the instrument on its global trip. It detects cosmic radiation and will help determine shape of earth's magnetic field.

A NEW HAT—Sheila Murphy tries on Sally Victor hat created especially for hostesses on board the famed Twentieth Century Limited. The hat is a pillbox.

THE 'BIG SQUEEZE' IS ON

ANY ONE who squeezes a product out of a fold-up metal tube can thank a long-forgotten American artist, John Goffe Rand, of New Hampshire. It was 115 years ago that he hit upon a "metallic vessel" which collapsed "with pressure." Tubes were made on hand presses; but today, machines punch out more than one a second. The United States is largest maker of these tubes for everything from toothpaste to peanut butter.

Rand's gravestone tells of his invention (left). First tube and one of today (center). Machine turns out tubes.

Braves To Face Redlegs Tonight

Baltimore Defeats Yanks, Chicago Wins

By ED WILKS
The Associated Press
Cincinnati's Redlegs, staying alive with a six-game winning streak in the National League race, got one last chance to keep their foot in the pennant door today. All they had to do was beat Milwaukee.

It was no breathers either for the Braves, who slipped back into first place by three percentage points when Pittsburgh jolted Brooklyn back to second 6-5 Monday night.

In fact, none of the contenders can take another loss and look healthy. But while a victory won't guarantee anything for the Redlegs, they'll be dead without it. After today, the Redlegs have only two games (at Chicago). They are two games behind the Braves and Dodgers in the lost column.

The Brooklyn-Pittsburgh game, the last road game for the Dodgers who hustle back to Ebbets Field for the opener of a two-game set with Philadelphia tonight, was the only contest scheduled in the NL Monday.

In the American, Baltimore whacked New York's pennant-winning Yankees 5-4, and Chicago out-hammered Detroit 14-11 on a two-game schedule.

Brooklyn held a .001 edge in the pennant chase for awhile Monday night after mopping up an 8-3 victory that had been placed on the shelf by curfew Sunday with the Braves at bat in the ninth inning. A one-two-three job by right-hander Clem Labine made it an official game and nailed Don Newcombe's 26th victory prior to the regularly scheduled game Monday night, but Clem couldn't make it as a starter in the afterpiece.

The Dodgers gave him a 3-0 lead in the first inning against Bob Friend, but the pesky Pirates bounced back with three in the bottom half of the frame.

Frank Thomas did the big damage for the Bucs, driving in three runs with his 24th homer and three singles—one of which drove home the clincher in the eighth after Gil Hodges had poked his 31st home run in Brooklyn's eighth with a man on to tie it 5-5.

It was Hodges' third home run in two days. He swatted two in Sunday's suspended contest—the only victory Brooklyn grabbed in the four-game series.

Reliever Roger Craig was the Brooklyn loser while Friend stuck it out for his 17th victory.

The Bucs, who knocked Brooklyn out of the 1954 pennant, have a three-game set at Ebbets Field in the season windup this weekend.

Chicago and Detroit swung for

36 hits, seven of them homers. The White Sox, who blew an 11-0 lead, rapped 22 hits, including two home runs by Sherm Lollar and one by Larry Doby. Ray Boone walloped two homers for the Tigers, Charlie Maxwell smacked a grand-slammer and Red Wilson hit one with a one aboard.

The 11 home runs for the day gave the major leagues a one-season home run record. The two leagues now have walloped 2,232 for the year, cracking the mark of 2,224 set in 1955.

Dayton's Quarterback May Be Out For Season

DAYTON, Ohio (AP)—Don (Butch) Zimmerman, 166-pound quarterback star of the University of Dayton's 19-13 win over Cincinnati Saturday, has been declared lost to the Flyers for five or six weeks and possibly for the season.

Zimmerman was to undergo surgery today on a knee injured in the final period when he carried the ball to within 18 yards of the winning touchdown.

Booster Club Meeting Set For Thursday

The Booster Club will meet on Thursday at 7:30 p.m. at the Memorial Building, John Sebo, president, announces.

Sebo said persons joining the club after Thursday will not have their names in the membership list of the official programs sold at the high school football games.

Sooners Still Picked No. 1

Notre Dame, Maryland Drop Out Of Top 10

By THE ASSOCIATED PRESS
The opinions of football prognosticators, like those of ardent alumni, often are influenced sharply by victories and defeats.

Thus the first Associated Press football ranking poll since the regular season began shows a couple of rather remarkable changes. Two highly rated teams, Notre Dame and Maryland, are missing from the first 10 after opening game defeats by Southern Methodist and Syracuse, who gained places in the top group.

Two others, one a winner and one which hasn't yet played its opening game, dropped into the second division as enthusiasm for a couple of winners was reflected in the ballots of sports writers and broadcasters.

The experts, 150 strong, stuck by their preseason poll prediction by listing Oklahoma's Sooners as the No. 1 team. Oklahoma doesn't open its season until next Saturday, when it plays North Carolina.

Oklahoma was listed first on 91 of 150 ballots and polled a total of 1,150 points on the usual basis of 10 for each first-place vote, 9 for second, etc.

Georgia Tech, winner over Kentucky, moved ahead of still-idle Michigan State into second place. Notre Dame, third in the preseason rankings, wound up down in 14th place with only 142 points after its 19-13 defeat by Southern Methodist. The Mustangs, not even listed among the first 20 in preseason picks, took fifth place behind Texas Christian, an impressive winner over Kansas.

The next five are Southern California, Syracuse, Ohio State, Mississippi and Pittsburgh.

The top 10 with first-place votes in parentheses:

1. Oklahoma (91) 1,150
2. Georgia Tech (12) 946
3. Michigan State (9) 914
4. Texas Christian (4) 792
5. SMU (10) 627
6. USC (12) 581
7. Syracuse (4) 469
8. Ohio State 458
9. Mississippi 305
10. Pittsburgh (2) 296
11. Texas A&M 291
12. Stanford (4) 249
13. Michigan 241
14. Notre Dame 142
15. Vanderbilt 94
16. Army 71
17. South Carolina 71
18. Oregon 67
19. Florida 60
20. N.C. State 53

Hayes Says Buckeye Opener To Be Tough

COLUMBUS, Ohio (AP)—Ohio State Football Coach Woody Hayes expects Nebraska to be a stern test Saturday but believes his Buckeyes will win the opener.

"We never go into a game without figuring we'll win," Hayes said.

The Cornhuskers, 34-6 victors over South Dakota Saturday, will field a ground team running from the Split-T. Buckeye scout Gene Fekete told sports writers at the season's first pre-game luncheon Monday.

"Nebraska has more depth and flashier runners than it had a year ago when we won 28-20," Fekete said. "If the Cornhuskers can get a few injuries healed, and fix some of the mistakes they made against South Dakota, they should be a strong contender in their (Big Seven) conference."

Unless someone is injured this week, Hayes said his starting lineup will include Fred Kriss and Leo Brown at end, Bill Michael

and Dick Guy at tackle, Jim Park-er and Aurelius Thomas at guard, Tom Dillman at center, Frank Elwood at quarterback, Don Sutherland and Jim Roseboro at the halves and Don Vicic at fullback.

Early Wynn To Seek 20th Victory Tonight

CLEVELAND (AP)—Pitcher Early Wynn tries tonight to win his 20th victory of the season for Cleveland, and opposing him will be the American League's softest touch, the last-place Kansas City Athletics.

Wynn hit the 20-victory mark for the Tribe first in 1951 and won 23 in 1952 and 1954. He has nine losses so far this campaign.

At 36, Wynn is the oldest of the Indians' starting pitchers. Wednesday night, also against Kansas City, the youngest of the starters, 23-year-old Herb Score, goes after his 20th. Score also has nine defeats, and in his rookie season last year he finished with a 16-10 mark.

A victory for Cleveland tonight would assure them mathematical-ly of finishing ahead of fourth-place Boston. The third-place Chicago White Sox defeated Detroit 14-11 Monday to move within a game of the Tribe with five games to go.

So far this season the Indians have taken 15 of 20 games with Kansas City. The Tribe finished its season series against sixth-place Baltimore and seventh-place Washington with a lopsided 17-5 margin.

Mount Union Gridders Will Meet Denison

Mount Union gridders will meet the Big Red of Denison Saturday at Denison. Mount will be facing a revenge-minded squad, which was held to a 19-19 tie last year.

Mount Union lost their opening game to Muskingum, 27-13, while Denison was beating California State of Pa. 18-7.

Mount has been practicing blocking, tackling and pass defense in preparation for the game with Denison.

Softball Assn. Gives Trophies To Teams, Stars

The Salem Softball Association last night awarded trophies to winning teams and top players of the recently concluded season and heard a treasurer's report showing that the association operated barely in the black for the year.

The players and team officials present also engaged in a heated discussion with Lee Burton, superintendent of parks and recreation, on city financial support for softball and the possibility of having dugouts built at Kelley Park by next season.

The discussion ended with the players and managers generally pessimistic as to the possibility of seeing the improvements ready by next year.

The association was told that league entry fees probably would be higher next year.

Al Zoccollo, association treasurer, reports credits of \$2,648.10 for the season and debits of \$2,562.06 for a balance of \$86.04. However \$232 is owed to the league scorer. A percentage of the profits of Kelley Park concession stand, \$126.38, and \$40 as one team's entry fee is still due the association. This will leave the association a balance of \$20.42.

It was indicated that \$600 the association was expecting from the Salem Park Commission will not be forthcoming, since the association operated in the black this year.

Entry fees made up the major part of the association's income, with \$1,619 received from that source. Memberships brought in another \$593 and the All-Star game receipts totaled \$192.90. The Donkey game netted \$93.58.

Top expense was for umpires, with \$1,218 expended for this purpose. Other leading expenses were for balls, \$648, and trophies, \$240.

Trophies were awarded to the following teams and individuals: The league leading team at the end of the season, individual trophies AA, Deming's 12 Players.

The playoff winners in AA, Marks' Landing; the runner-up team, Deming Jets.

AA batting champ, Jim Barnes, Deming; AA pitching champ, John McQuinn.

The league leading team at the end of season, individual trophies, Industrial League, Deming Mar-vels, 15 players.

The playoff winners in Industrial, Deming Marvells; the runner-up team, Electric Furnace.

Industrial batting champ, George Hainen, Youngstown Kitchens; Industrial pitching champ, Bill Ehrhart, Deming's.

The league leading team at the end of the season, individual trophies, A, Westville, 15 players.

The playoff winners in A, Westville; the runner-up team, Wilks Inn.

A batting champs, Weisnecker, Wilks Inn and Limpose, Happy Days; A pitching champ, Stone-metz, Westville.

Bill Ehrhart was awarded a trophy as the man whom the association believed did the most for Salem softball during the past season. Ehrhart's work in making successes of both the All-Star and Donkey games was cited.

The league leading team at the end of the season, individual trophies:

Girls league, Homeworth, 13 players.

Playoff winners: Purity Dairy, Runner-up, Homeworth.

Girls batting champ: Janet Reeder.

Girls pitching champ: Wutrich.

Hitting:

Frank Thomas, Pirates—Drove in three runs with three singles and his 24th home run in five at bats, bringing home the clincher with an eighth-inning single that beat Dodgers 6-5.

United Local Beaten By Salineville 50-0

United Local School played the first football game in its history Saturday, facing Salineville which switched over from 6 to 11-man football for the first time, and was crushed 50 to 0 on the Salineville field.

Ron Strabley scored three touchdowns, pacing the attack for the Indians, and Bob McCloskey had two touchdowns. Carl Green took the opening kickoff and raced 90 yards for the first score.

United School will play the Minerva freshmen at Minerva Saturday at 2:15.

UNITED—
Ends—Cooper, Taylor, Mauch, Lindersmith
Tackles—Snyder, Summer, Cooper, Walk
Guards—Chestnut, Gorka, Isenschmitt, Pasco
Centers—Lease, Sanor
Backs—Blanchard, Bailey, Smith, Coleman, Webber, Clewell, Woods, Russle

SALINEVILLE—
Ends—Madison, Mundy, G. Polen
Tackles—B. Polen, Boales, Harker, Kellogg, Manning
Guards—Nedham, Griffith
Center—Costigan
Backs—Kessler, Savatino, Green, McCloskey, Strabley, Dunlap, Knowles, Griffith, Gionone

Browns Trim Squad To 36; 1 More To Go

CLEVELAND (AP)—The Cleveland Browns were down to 36 players today, with one more to be cut before their opener in Chicago Sunday against the Chicago Cardinals.

That's about half of the roster with which the club started training two months ago at Hiram College.

Waivers were asked Monday on quarterback Jim Root and three rookie linemen—tackle Fred Robinson of the University of Washington, and Jack Gotta of Oregon State, and center Jim Furey of Kansas State.

Linebacker Pete Perini, who hasn't been with the team for a month because of a knee injury, also went on the waiver list.

Perini is the only member of the 1955 National Football League championship squad to be cut. Quarterback Otto Graham and halfback Dub Jones retired and tackle John Sandusky was traded to the Detroit Lions. The remaining 29 veterans remain on the roster, although defensive halfback Tommy James may lose out in the final cuts.

Root, a Toledoan who played at Miami University at Oxford, Ohio, didn't come to the Browns until late in the raining season. That put him at a big disadvantage, despite his earlier experience of a season with the Cardinals and part of a campaign in the Canadian league.

In seven pre-season games, the Browns won only their opener against the College All-Stars and their finale, also in Soldier Field, Friday night against the Chicago Bears. But attendance at the games added up to an all-time exhibition game record of 313,000.

Dodgers Lose 3 Out Of 4 To Pittsburgh

By JACK HAND
BROOKLYN (AP)—If the Brooklyn Dodgers never see Pittsburgh again, it will be too soon.

After losing three out of four to the Pirate "spoilers," the Brooks are back in second place in the National League. They went to Forbes Field with a two-game advantage in the "loss" column and came home all even in losses and one down on the win side in their battle for the flag with Milwaukee.

The Dodgers were burned to a crisp Monday night by the ball-and-strike calls of Plate Umpire Babe Pinelli. Jackie Robinson said:

"He called Gil Hodges out when the ball was leaving the pitcher's hand. And he missed a couple on Dale Long in the eighth."

Long had two strikes on him when Manager Walter Alston went to the mound to talk to Roger Craig, his third pitcher. The score was tied 5-5 and Bill Virdon was on first.

"I told Craig I wanted him to keep the ball up," said Alston. "He threw it exactly where I wanted it. The guys on the bench thought Long actually swung but it was called a ball."

Long eventually walked, bringing up Frank Thombs, who already had his 24th homer and two singles. Thomas singled through the box, scoring Virdon with the winning run.

Thomas, who shared the honors with pitcher Bob Friend, was thrown out of the game shortly after he got that fourth hit. He was cut down going into second by catcher Roy Campanella. When he put up an argument, Umpire Augie Donatelli gave him the heave-ho.

Friend, who beat Milwaukee 2-1 in 10 innings Thursday and won his 17th by topping Brooklyn 6-5, could be the man who decides this confused pennant race. The slick right-hander is scheduled to face Brooklyn again Friday night.

MAJOR LEAGUE STARS

cars ARE MY Line

by Al Parker
FOGS AND CAR DEALS
The world's most famous fogs, I suppose, are those experienced in San Francisco, London England, and by bridegrooms.

Some of the stories they tell about London fogs are just about as thick as the fogs themselves. An old friend of mine just returned from England, brought back two shaggy smog stories that he swears are true. He couldn't see through them, at least.

Two Cockneys were making deliveries in the London dock areas when a sudden fog dropped and they pulled up their truck to see where they were. One of them got out—and stepped into water up to his knees.

Terrified, he cried that they were right on the edge of the dock. They dared not move until the pea soup lifted. They stayed there all night.

When the fog lifted in the morning they found they had parked beside a horse trough.

My friend also solemnly swears his wife was standing on a corner during a San Francisco fog when she let out a terrible scream. Somebody was trying to mail a letter in her.

Canton McKinley Voted No. 1 In Ohio, Massillon 2nd; East Liverpool Is 4th

By FRITZ FOWELL
COLUMBUS, Ohio (AP) — Canton McKinley's state champion Bulldogs topped the season's first Associated Press poll of Ohio's high school grid teams today. But the Stark County wards of Wade Watts had to share the headlines. Right up there alongside the crown-wearers in the public eye were the scoring feats of Bob Ferguson of Troy who is off to the finest start ever boasted by a Buckeye scholastic star. In two games the 185-pounder has roared for 13 touchdowns, seven in the opener against Dayton Kiser and six Friday night against Monroe—two games Troy won by a total of 141 to 26. (Note to college coaches—he's just a junior.) The feats of derring-do by Ferguson, who has roared for 881 yards rushing in two games for Coach Lou Juller's team, pushed the Trojans into tenth place in the statewide ratings. Ferguson goes this week against Greenville, which lost both starts. So he figures to add to his 78-point total and creep up in the class A record of 296 for nine games set by Carl Smith of Washington Court House. Hubert Bobo of Chaucery-Dover holds the "B" record with 326 for 10 contests. Of 26 sports editors participating in the opening poll, eight tagged the high-scoring Bulldogs as No. 1 as 61 different teams were mentioned in the 10-9-8 etc., voting plan. Massillon, state champ seven straight years until tumbled by McKinley a year ago, failed to get a first choice nod but wound up second. McKinley had 213 poll

points to the Tigers' 174. Mansfield's Tygers took third with 101 and East Liverpool fourth with 99. From there the drop was big; Alliance landing fifth with 55—but that could be changed this week as the Aviators bang into Massillon. Springfield is sixth, two points back of Alliance, with Cleveland St. Ignatius and Youngstown Ursuline tied for seventh, Portsmouth ninth and Troy rounding out the elite. Springfield and Portsmouth native field's Tygers took third with 101 and East Liverpool fourth with 99. Wayne Bethea Stops Bygraves

Britisher Calls Halt At End of 5th Round
By MURRAY ROSE
NEW YORK (AP) — After two straight British victories in as many weeks at St. Nicholas Arena, it was highly unlikely that Joey Bygraves could make it three. He didn't. The British Empire heavyweight champion, following the custom on the other side of the Atlantic, "retired" at the end of the fifth round of his television 10-rounder with aggressive, busy-punching Wayne Bethea of New York. Dropped in the fifth round for an eight count, tired and dejected, the muscular, six-foot Briton via Jamaica said he had enough between the fifth and sixth rounds. It went into the books as a fifth round technical knockout. Dr. Sam Swetnick asked Joe between rounds if he was tired and wanted the fight stopped. Bygraves answered "Yes" on both counts. In his dressing room later, the 25-year-old invader was a bit mixed up. He said first that the relentless pace Bethea set was too much, and then added later: "I was fouled. He hit me in the kidney and in the neck. He did everything to me. He's a dreadfully dirty fighter." Manager John Campbell then stepped in, saying, "Don't ask him any more questions. The least said is the soonest mended. Joe just ran out of gas." Referee Mark Conn never warned either fighter. For two rounds, Bygraves looked as if he was going to follow up the triumphs of British middleweights John L. Sullivan and stablemate Pat McAtee at St. Nick's. He connected with smashing left hooks and rights to the head and body of the pressing and unperturbed Bethea. Despite the hard whacks, the stocky New Yorker, who outweighed his rival 20½ to 198½, kept coming and punching. He never stopped. By the end of the third round, Bygraves was a beaten man.

Braves, Redlegs Can't Afford Loss

By HAROLD HARRISON
CINCINNATI (AP) — Fred Haney manager of the Milwaukee Braves and Birdie Tebbetts, manager of the Cincinnati Redlegs are agreed on one point—each of their teams has to win all of its remaining games in order to win the National League pennant. But that's a bit difficult to do. They were to play each other today in the last hand-to-hand game involving pennant contenders. Brooklyn's defeat by Pittsburgh Monday night made the road a bit easier for Milwaukee. The Braves and Dodgers now are all even in the game lost column while the Reds have two defeats which must be made up if they are to win the pennant. "We have to win them all," said Haney as he brought his Braves in for an all-important game with the Redlegs today. "We have to help and we can't lose a game," said Tebbetts of the final week of the season. "We're in good shape," said Haney as his boys headed out for movies and a night of relaxation. On the Cincinnati side the situation was "just fair." Home run hitting Ted Kluszewski still was out with a pulled muscle and Tebbetts said "Klu" would continue to sit out as long as "George Crowe continues to hit and we continue to win."

Jackson To Box Baker Wednesday
By JOE BRADIS
PITTSBURGH (AP) — Tommy (Hurricane) Jackson and big Bob Baker, bidding for a crack at the heavyweight title, clash Wednesday night in a 12-round nationally televised outdoor bout at Forbes Field. The man who comes out on top is almost a sure bet for a shot at the winner of the agreed upon but still unsigned title fight between lightweight champ Archie Moore and young Floyd Patterson. Jackson is ranked No. 3 and Baker No. 4. Jackson, the tireless but erratic 25-year-old New Yorker, won a split decision over Baker in their first meeting Feb. 3 in a 10-rounder at New York. Two officials gave that one to Jackson 5-4-1 and the third voted it a draw. After beating Baker, Jackson knocked out Johnny Williams in four rounds but then lost to Patterson in an elimination contest June 8 for the right to meet Moore. In his most recent outing — May 9th—Baker soundly whipped Johnny Holman in a 10-rounder at Miami Beach. Baker's loss to Jackson was his first in 14 bouts. He hadn't dropped a decision since he was knocked out by Moore at Miami Beach on March 9, 1954. His record is 45-6-1, including 19 knockouts. Jackson's record is 27-5-1, with 12 knockouts. The bout will be carried by ABC-TV and radio (9 p.m. EST) with the Pittsburgh and the tri-state area blacked out. **NATIONAL LEAGUE RACE**

Former Search Ends For Orioles Catcher
BALTIMORE (AP) — The formal search for Baltimore Orioles' catcher Tom Gastall, who radioed last Thursday that his private plane was in trouble and "heading for the water," has been called off. Fifth District Coast Guard headquarters in Norfolk, Va., Monday night ordered all air and surface units to suspend the hunt for the Oriole bonus player and his light plane. Two seat cushions from the 23-year-old athlete's plane have been found—one in Chesapeake Bay and one in Bear Creek. Gastall, a native of Fall River, Mass., was signed by the Orioles in June, 1955, following his graduation from Boston University where he was a three-sport star. He received an estimated \$40,000.

Football Briefs

CHICAGO (AP) — Midwest football briefs:
Indiana—The polio score seems to be over and guard Mert Hoagland is in fair condition. A definite diagnosis of his ailment is due Wednesday.
Purdue—John Briedeweser, the smallest man on the Purdue squad, has taken over at right halfback with Erick Barnes and Tom Barnett out with injuries.
Michigan State—Contact work is over for the Spartans with the team shaping up for Saturday's opener at Stanford.
Michigan—The Wolverines concentrated on UCLA plays. No new injuries were reported following Saturday's scrimmage.
Illinois—Halfback Bob Mitchell is not expected to see action against California. Navy veteran Dale Smith will replace Mitchell who is suffering from a knee injury.
Northwestern — Injuries have forced Coach Ara Parseghian to dispense with further contact work. A siege of cots also has stymied the Wildcats.
Ohio State—Coach Woody Hayes expects Nebraska to give his Buckeyes a rough time Saturday. The Cornhuskers rolled over South Dakota 34-6.
Minnesota—The defense rested at Minnesota but Coach Murray Warmath had his backfield working on pass patterns. Washington is Saturday's foe.
Wisconsin — Bob Carlson, the Notre Dame—The Irish have an open date Saturday but Coach Terry Brennan promises a lot of heavy duty in view of Saturday's 19-13 setback at Southern Methodist.

Calgary Team Signs For Akron Coach

CALGARY, Alta. (AP) — The Calgary Stampeder football club has signed Otto Douglas, former University of Akron mentor, as head coach replacing fired Jack Hennemer. General Manager Bob Masterson said Monday that Douglas has been signed to a contract which will run to Dec. 31, 1957. Douglas, 45, played his college football at William and Mary. Besides Akron, he coached at Arkansas and Villanova, and the Chicago Cardinals of the National Football League.

Detroit Lions Set New Record For Ticket Sales

DETROIT (AP) — The Detroit Lions today established a new National Football League record, with 36,586 season ticket sales. This tops the record set by the Lions last year when the club sold 36,434 season ticket books. The record was established following three great seasons for the Lions. Twice they won the world championship of pro football and for three years running they were champions of the Western Division. Last season the club won only three games while dropping nine and finished in the Western Division basement.

11 Georgia Tech Players Suffer Food Poisoning

ATLANTA (AP) — Eleven Georgia Tech football players suffering with food poisoning are expected to be available for duty against Southern Methodist at Dallas Saturday night. Dr. Lamont Henry, team physician, said Monday night the players apparently were made ill by fruit juice they drank while returning to Atlanta from Lexington, Ky., Saturday night. They began to complain of feeling ill Sunday. Eight were hospitalized at the school infirmary. Three others were restricted to their rooms.

Is Columbiana Observer Post Head First Blind Man To Assume Post

COLUMBIANA — George H. Burton, 546 W. Park Ave., first volunteer blind member of the Ground Observer Corps, will be installed in City Hall at 8 p.m. tomorrow as supervisor of the Columbiana post in Firestone Park, the only blind G.O.C. supervisor in the U.S.

Burton, 61, has been a spotter at the Columbiana post for 18 months, and will succeed Mrs. Laura Wonseller, supervisor of the post since it was established two years ago, and who has been the recipient of national honors from the Air Force for her work.

State and district Air Force officials at the installation will be Major Arthur Masterson of Columbus, and Major Robert Medley and Sgt. Harold Kelly, of Canton Filter Center. Mayor E. L. Calvin, who appointed Burton, will also be present.

All observers are invited, accompanied by friends. Wings will be awarded for 100-hour and 25-hour services. Burton has been serving the 6 to 8 p.m. shift every Friday. His chief assistants in his new post will be Mrs. Hattie Stahl and Don Perrin, the last named a near neighbor of Burton.

Mrs. Wonseller, who has a record of nearly 1,000 hours of sky watch, resigned last April, but continued to serve until a successor could be found. She resigned the post because of health reasons and the fact that the family will be moving to Sandusky.

In July, Burton appeared on Dave Garroway's television show, "Today," in New York. Burton is a graduate of the Pittsburgh School for the Blind, where he met his wife, also blind. They have

been married 39 years. Burton lost his sight in a play mishap at the age of 10.

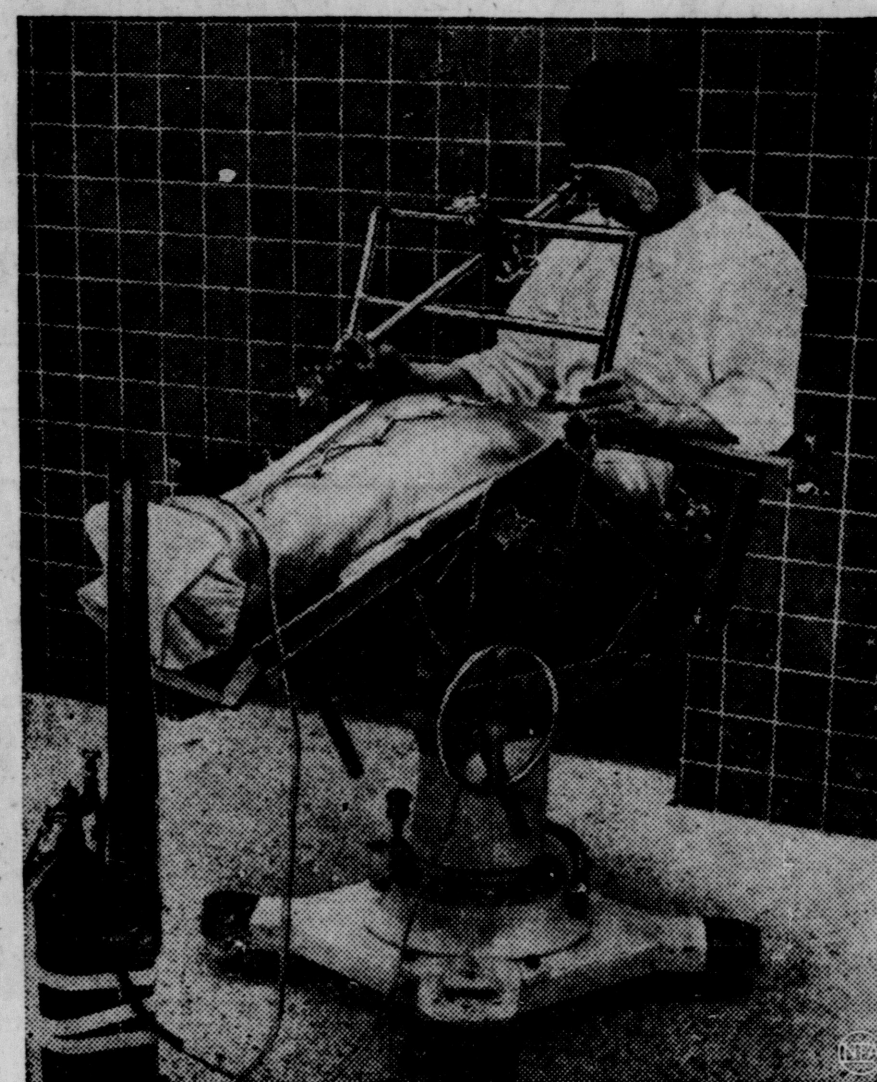

GAMMA ETA Chapter, Epsilon Sigma Alpha Sorority, is sponsoring its second annual style show by the G. M. McKelvey Co., Youngstown, in the High School auditorium at 8 p.m. tomorrow as a benefit for its civic projects fund. One of its continuing projects is aid for the needy.

The sorority ways and means committee in charge of arrangements is Mrs. Roger Griffin, Mrs. George Ziegler and Mrs. Richard Newell. Tickets are on sale at Wells' Drug Store or may be obtained from members.

Mr. and Mrs. Emory Metz, 134 S. Middle St., will observe their golden wedding anniversary Sunday, Oct. 7 with a reception and dinner at Jerusalem Lutheran Church. The reception from 2 to 5 p.m. will be followed by a dinner at 6 for both families.

The former Vallie Donbar, daughter of Mr. and Mrs. William Donbar of New Waterford, and Mr. Metz, son of Mr. and Mrs. Cyrus Metz of New Waterford, were married in Lisbon, Oct. 2, 1906, by the Rev. A. A. Brown of the Methodist Church. They commenced housekeeping in New Waterford, but spent most of their married life in Columbiana, where Mr. Metz has been employed 30 years at the plant of the National Rubber Machinery Co., having started when it was known as the Banner Machine Co. Members of Jerusalem church, they have two sons, Raymond of Dayton and Graydon of N. Elm St. Ext.

THE SEARCHLIGHT Class of the

"G-SUITS" FOR CLINICAL HEIGHTS — Modeled above is a plastic bladder modeled after a high-altitude pilot's G-suit which has been used by doctors at Cleveland Clinic, in Cleveland, Ohio, when performing over 100 operations involving the head or neck. It helps maintain patient's blood pressure at proper levels during such operations. The new suit covers legs and pelvic areas and is inflated by tank of gas at left.

Methodist Church had a wiener roast at Firestone Farms, Saturday evening.

Officers elected were: Harold Chalmer, president; Dorothy Zabel, vice president; Arlene Bailey, secretary; Donna Manley and Mary Cannon, corresponding secretaries; Harold Burkle, social chairman; Doris Powers, social chairman.

The Home Builders class will meet at the Methodist Church at 7:30 p.m. tomorrow for a hay ride and wiener roast at Firestone Farms, those attending to take wieners, buns and marshmallows.

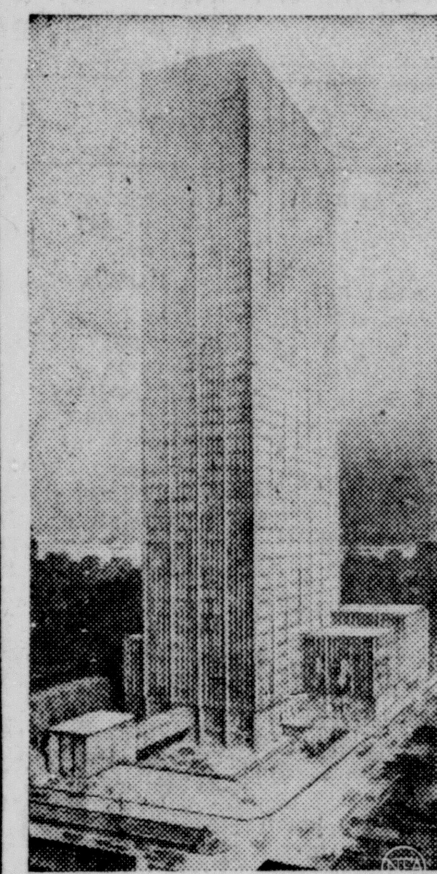

C. T. Guindon, sales manager for the Columbiana Farm Bureau Co-operative here, on leave while serving as buyer for brokers who supply potato chip factories, reports considerable blight damage to the crop in Northeastern Ohio, Northern Pennsylvania and Southern New York.

A congregational coverdish dinner is scheduled for Jerusalem Lutheran Church at 6:30 p.m. today.

Deborah Circle will elect officers at its meeting at 8 p.m. tomorrow in the parsonage of Grace Evangelical and Reformed Church.

INDICTED FOR SLASHINGS

COLUMBUS, Ohio (AP) — The Franklin County grand jury Monday indicted David R. Davis, 21, who told police he cut three Columbus women with a paring knife because "I just get the urge." He was indicted on three charges of cutting to wound and one of burglary of an inhabited dwelling.

ASTOR'S BIGGEST — Architect's sketch shows Astor Plaza, 75 million dollar New York building project just announced by Vincent Astor. It will occupy a whole block on Park Avenue, between 53rd and 54th streets. The 46-story, metal-and-glass building will have a helicopter landing area, a million square feet of office space, a shop-lined sunken garden, a sub-basement garage for several hundred cars, restaurants and a major bank.

Man Jailed For Draft Evasion

CLEVELAND (AP) — A Youngstown rubber factory worker who testified he also performs daily ministerial duties for the Jehovah's Witnesses was sentenced to two years in federal prison Monday for refusing civilian duty as an alternative to military service.

Michael Carano, 25, told Federal Judge Paul C. Weick he would not obey an order to report for civilian duties at Columbus State Hospital. He made a long speech and quoted the Biblical commandment: "Thou shalt not kill."

Carano was classified a conscientious objector in 1953, but his draft board refused him draft exemption as a minister. He is the first member of his sect to be sentenced here for draft evasion in nearly three years.

Jack L. Hall, 25, also of Youngstown, tried to plead guilty Monday to failure to report for duty with the armed forces, but Judge Weick would not accept the plea because Hall's lawyer was not present.

Mrs. Roosevelt Joins Stevenson Campaign

OKLAHOMA CITY (AP) — Adlai E. Stevenson aides announced today that Mrs. Franklin D. Roosevelt will make a series of speeches in behalf of the Democratic presidential nominee during the remainder of the general election campaign.

First speech by the wife of the former president will be Wednesday night at Portland, Ore. She will speak Sept. 27 at San Francisco and the following day at Los Angeles.

Other speeches by her include: Oct. 1, Clarksburg, W. Va.; Oct. 2, Parkersburg, West Va.; Oct. 2 and 3, Detroit, Mich.; Oct. 6, Chicago; Oct. 7, Cleveland; Oct. 8, Akron, Ohio; and beginning Oct. 12, a series of speeches in Pennsylvania, Ohio, Indiana and Minnesota.

Exact schedules for that tour were not announced.

Yellow Fire Hydrant Displeases Teacher

CHARLOTTE, N. C. (AP) — Mrs. O. C. Russell, 74, thinks yellow except in flowers, is a horrible color. And when a yellow fire hydrant was installed in front of her home she telephoned her objection to City Manager Henry Yancey. He asked the highly respected retired school teacher the color she'd like to have the hydrant. She said white, and today it is the only white fire hydrant in the city.

Berean Class Plans Hayride For Thursday

The Berean Class of the First Friends Sunday School will meet Thursday at 7 p.m. at the church and will then go on a hayride. In case of rain, the group will meet at 7:30 p.m. at the church to elect officers and enjoy a social period.

Columbiana Courts

New Cases

Allene Cole, guardian of Jacob Schindler, an incompetent person, Shelby vs Jeanette Grafton, acting as executrix of estate of Michael R. Shingler, Wellsville and Jeanette Grafton, Wellsville; action for injunction to enjoin administration of estate and equitable relief.

George M. Vargo, Inc., Canton vs Cecil J. McCowin Jr. and Letha M. McCowin of RD 3, Lisbon; action for \$344.91 claimed due on cognovit note for plaintiff.

The Potters Savings and Loan Company vs Donald and Frances Figley, of East Liverpool; action for \$1,427.32 and foreclosure of mortgage.

67 Attend First VanFossan Reunion

LISBON — Sixty-seven attended the W. S. VanFossan reunion, held Sunday at Firestone Park, Columbiana. Dinner was served at 2 p.m., and a short program followed.

George W. VanFossan was elected president; Mrs. A. H. Boulton, vice-president; Mrs. Frank Hawkins, secretary; and Mrs. George VanFossan, treasurer.

This was the first reunion held in 14 years. Plans were made for another reunion next year at the same time and place.

DROWNS IN BUCKET

DAYTON, Ohio (AP) — Nine-month-old David Lee Wiley drowned here Monday night in two inches of water in the bottom of a bucket. His father, Kenneth, told police he found the baby face down in a bucket of mop water.

THIS IS WHERE TOMORROW STARTS

A new "inner car" gives you a NEW KIND of FORD for 1957! Coming October 3rd

On Wednesday, October 3rd, Ford Dealers throughout the United States will unveil a new kind of automobile!

Cars are involved in every American's life. News of a new kind of car is the biggest kind of news to millions of Americans.

The Big New Kind of Ford is that kind of news... a car totally new in design from crest to trunk lock.

This completely new automotive package will sell at the traditionally low Ford prices.

This makes possible a new high standard of such honest-to-goodness value that it actually increases the purchasing power of your automobile dollar.

When you see it, other cars will look out of date, because...

This is Where Tomorrow Starts... with a Big New Kind of Ford!

The New Kind of Ford is the fullest, most eloquent expression of Ford's special personality—the youthful grace, the whiplash action, the reputation for durability known wherever there's a road.

To all this we have added true elegance—a kind of elegance never before seen in the low-price field.

Elegance is more than skin-deep. Modern design goes far deeper than chrome trim.

To make a car truly elegant, you have to start deep-down inside.

The New Inner Ford

The Inner Ford—the car you cannot see—is a very remarkable structure. Its frame is actually a cradle. Side members extend almost the full body width.

The driveshaft has been lowered to connect with the differential, virtually at its lowest point. This is one of several factors that makes practical the lowering of over-all height by as much as 4 inches.

The side rails, extended almost full body width, serve not only as supporting members but as concealed side bumpers of immense strength.

The New Ford Body

The new Ford body is a triumph of engineering in steel—steel cushioned for luxury, steel insulated against sound, steel joined to steel for tremendous strength, steel designed to give you greater safety.

The doors close with the solid finality of a bank vault. Even the door-lock button has been moved up front—easier for you to reach, but out of the children's reach.

The new body is mounted on twenty live-rubber mounts to keep your ride silent, solid and secure.

All these features were engineered to give you a solid new kind of comfort.

The New Ford Ride

The way a car rides is more than the way it moves—it starts with the way it sits.

The New Kind of Ford sits six people as no other low-priced car has ever sat them—six elbows wide in each seat, with deep space around each one of six knees. And above all that space, there's hat room to spare for all six passengers.

With that sitting basis, the engineers then designed the new rock-solid velvet road ride.

The 1957 Ford rides low, solid, with a firm, deep road-holding feel. Yet it's a light-hearted, flight-hearted ride—this car is responsive, nimble, agile, with a proud easy movement through traffic and away to the head of the turnpike.

The New Ford Choice

Ford offers not only one, but two sizes of cars... each on its own extended wheelbase... each with its own body shell... each with its own styling.

First, the two Fairlane Series on a 118-inch wheelbase. The Fairlane 500's come in 5 body types, a four-door sedan, a two-door sedan, a two- and four-door Victoria with no center pillars, and a convertible coupe. The same body types (except for the convertible) are available in the Fairlane Series.

Both Fairlane Series introduce an innovation through the use of special window ornamentation and narrow center pillars. Both the four-door and the two-door sedans have true hardtop styling.

Second, two Custom Series mounted on the 116-inch wheelbase chassis. In the Custom 300 Series, a four-door and a two-door sedan are distinguished from the Custom models by more luxurious interiors and elaborate trim. The Custom Series includes a Business Sedan.

The Custom 300 and Custom models are lower, heavier, and livelier than any cars selling in Ford's price range today.

Beyond all these, you also have your choice of five Station Wagons—the famous glamour cruisers that are the champions in this field!

The New Ford Look

That low, low cradle-span frame means a low, low car. The Fairlane 500 is only four feet eight inches from road to roof! The Custom is just over four feet nine!

The New Ford is not only low—but long. Ford gives you more than 17 feet of elegant length in the Fairlane Series,

a shade less in the Custom. And all that length and lowness is shaped in a design that is wonderfully, radically new in American automobiles!

Its personality is glittering, sophisticated. It's a nice kind of fun just to look at it.

It's high-priced in every way except price.

The New Ford Performance

If you're a bug on horsepower and like it big, the new Silver Anniversary V-8's are for you. You can have up to 245 wonderful Thunderbird horsepower in any Ford model. There's a moderate—and really moderate—extra charge for this engine of 312 cubic inches with its 4-barrel carburetor. It's the honey of them all.

For "Six" lovers, we've got a beauty, too—the 144-hp Mileage Maker Six. Whether you choose Six or V-8, the going is great!

Here is where

your own tomorrow starts

It starts at the nearest Ford Dealer's showroom!

The cars will be there on Wednesday, October 3.

They will be standing still on the floor—but they will seem to be moving, for they have a quicksilver kind of beauty that just doesn't stand still.

Every line has a "machined rightness" to it, the sharp clear-cut stamp of beauty wrapped around power.

These are the best Fords of our lives. They are the first symbols out of Detroit of the new automotive age that is beginning for you.

1957 came early this year.

This is where tomorrow starts—at your Ford Dealer's.

This is when your tomorrow starts—October 3rd.

Come in and see us for the Big New Kind of Ford!

H. I. HINE MOTOR COMPANY — 570 S. Broadway
